

### Faculty of Disability Management and Special Education (FDMSE)

### Ramakrishna Mission Vivekananda Educational and Research Institute (RKMVERI) Coimbatore Campus

### Programme Outcomes **B.Ed Special Education**

### **Programme: B.Ed. Special Education**

- PO1.Teaching knowledge: Apply the knowledge of teaching skills such as explanation and illustratory skills, demonstration, stimulus variation, use of various teaching aids and devices, and classroom management in special, integrated and inclusive educational settings.
- PO2. Problem Solving: Identify and assess the students with special needs and provide appropriate and timely intervention for them using the principles of Universal Design for Learning.
- PO3. Design/development of solutions: Design solutions to address the unique individual challenges of diverse learners by preparing adapted and modified teaching learning materials and equipments which in turn will them to increase their functional capabilities.
- PO4. Conduct projects on emerging issues: Carry out investigations to solve emerging issues prevail among the stake holders such as children with special needs, their parents, teachers and professionals working in the field of special education and disability management.
- PO5. Assistive technology usage: Select, assess and apply appropriate assistive technological devices and services considering the individual limitations.
- PO6. The teacher and society: Apply reasoning informed by the contextual knowledge to assess personal, social, emotional, academic, functional, health and hygiene, safety and security, ethical, and cultural issues and shoulder the responsibilities relevant to teaching profession.
- PO7. Environment and sustainability: Understand the impact of the solution evolved from teaching profession in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- PO8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the teaching profession.
- PO9. Individual and collaborative work: Work effectively as an individual, and as a member or leader in diverse teams including para-professional, and other service providers in interdisciplinary, trans-disciplinary and multidisciplinary settings.
- PO10. Communication: Communicate effectively to comprehend and prepare effective administrative and academic reports and documentation, make effective presentations and appropriate interaction for further reference.
- PO11. Life-long learning: Recognise the need for, and have the preparation and ability to engage in life-long learning for self and children with special needs through online and National Institute of Open School (NIOS).

# Programme Specific Outcomes B.Ed – Special Education (Visual Impairment)

### **Programme Specific Outcome**

### **Programme: B.Ed. Special Education (Visual Impairment)**

B.Ed. Special Education (Visual Impairment) is a two year programme in the area of visual impairment. The course work prepares the student trainees to understand the nature and basic concepts of core subjects like human growth and development, educational psychology, educational planning and management and educational evaluation. It develops skills to identify and assess the needs of individuals with visual impairment. It helps them to plan and adapt curriculum, teaching strategies and materials for individuals with visual impairment. They will be able to learn and apply the expanded core curricular skills such as compensatory academic skills (Braille, use of mathematical devices such as Abacus, Taylor frame etc...), Orientation and Mobility, Sensory Training and Daily Living Skills in training individuals with visual impairment. The programme offers hands on experience to understand and learn about applications of assistive technological devices and softwares pertaining to individuals with visual impairment.

# Course Outcomes B.Ed – Special Education (Visual Impairment)

### **Course Outcomes**

### **Programme: B.Ed. Special Education (Visual Impairment)**

| Title of the Course                          | No. | Course Outcomes   |
|--|-----|---|
|  | CO1 | Explain the process of development during infancy   |
|  | CO2 | Explain the process of development during childhood   |
| Human Growth and                             | CO3 | Explain the process of development during adolescence   |
|  | CO4 | Analyze the developmental variations among children.  |
| Development<br>1BA1                          | CO5 | Describe adolescence as a period of transition and threshold of adulthood   |
|  | CO6 | Enumerate different factors affecting child development.  |
|  | CO1 | Explain the history, nature and process of education  |
|  | CO2 | Explain the philosophies and their contributions to education   |
| Contemporary India                           | CO3 | Describe the role of education in the modern context  |
| and Education                                | CO4 | Explain the concept of diversity  |
| 1BA2   | CO5 | Enumerate the trends seen in contemporary Indian Education  |
|  | CO6 | Enumerate the issues and challenges faced by contemporary Indian Education in global context  |
|  | CO1 | Explain theories of learning and intelligence   |
|  | CO2 | Enumerate the applications of theories of learning and intelligence for teaching children   |
|  | CO3 | Describe the learning process   |
| T  | CO4 | Describe the nature and theory of motivation  |
| Learning, Teaching                           | CO5 | Explain stages of teaching and learning   |
| and Assessment                               | CO6 | Describe the role of the teacher  |
| 2BA3   | CO7 | Narrate experiences of the teaching learning process  |
|  | CO8 | Explain the scope and role of assessment in teaching learning process to introduce dynamic assessment scheme for educational set up towards enhanced learning |
| Pedagogy of School                           | CO1 | Realize the rationale of learning Tamil language  |
| Subjects – Paper I                           | CO2 | Explain the various methods of learning Tamil   |
| 2BA4<br>Methodology of                       | CO3 | Illustrate the techniques in teaching prose, poem, grammar and essay  |
| Teaching Tamil A4                            | CO4 | Exemplify the fundamental skills of language  |
| (A)  | CO5 | Comprehend the principles of curriculum development   |
| ·  | CO1 | Explain the role of English language and mother tongue  |
| Methodology of<br>Teaching English A4<br>(B) | CO2 | Acquire skills and methods of teaching prose and poetry   |
|  | CO3 | Demonstrate the skills and methods of teaching vocabulary and composition   |
|  | CO4 | Comprehend the method of teaching the four-fold language skills   |
|  | CO5 | Distinguish various approaches and techniques of teaching English   |

|   |     | Describe the history of mathematics and its value in   |
|---|-----|--|
| _   | CO1 | day to day applications  |
|   | CO2 | Apply different methods and techniques in teaching   |
|   | CO2 | mathematics effectively  |
| Methodology of  | CO3 | Understand and identify influence of various   |
| Teaching  |     | psychological factors in learning  |
| Mathematics A4 (C)                                    |     | Make out the individual differences in learning  |
|   | CO4 | mathematics and to plan activities according to the  |
| _   |     | needs of the students  |
|   | CO5 | Organize learning resources and apply them appropriately in everyday teaching                  |
|   |     | Understand the need and importance of teaching   |
|   | CO1 | physical science in higher secondary level   |
|   |     | Able to prepare a lesson plan and presenting them  |
|   | CO2 | effectively in the classroom   |
| Methodology of  | CO2 | Identify and apply various teaching methods for  |
| Teaching Physical Science A4 (D)                      | CO3 | teaching of physical science   |
| Science A4 (D)  |     | Develop theoretical and practical understanding of the   |
|   | CO4 | hardware and software relating to the technology of  |
| _   | ~~- | teaching.  |
|   | CO5 | Apply the evaluation techniques in the classroom   |
|   | CO1 | Understand the aims, objectives and challenges in  |
| _   | CO2 | teaching biology  Obtain various skills needed for class room instruction                      |
| Methodology of  | CO2 | Identify and prepare various aids for teaching biology   |
| Teaching Biological                                   |     | Explain the techniques in preparing special aids for   |
| Science A4 (E)  | CO4 | teaching biology   |
|   | 005 | Acquire the knowledge on the content of biology  |
|   | CO5 | syllabus for IX standard   |
|   | CO1 | Identify the need of teaching social science in school   |
| _   | CO1 | curriculum   |
|   | CO2 | Apply various instructional strategies in teaching social                                      |
| Mathadalagy of  |     | science  Express the need and types of teaching aids in social                                 |
| Methodology of Teaching Social                        | CO3 | science  |
| Science A4 (F)  |     | Develop skills in writing objectives, preparing lesson   |
| 20101100 111 (1)                                      | CO4 | plan, unit plan and the need for developing micro  |
|   |     | teaching skills.   |
|   | CO5 | Comprehend the essential qualities and functions of a  |
|   | CO3 | teacher  |
| Methodology of<br>Teaching Computer<br>Science A4 (G) | CO1 | Understand the Bloom's taxonomy of educational   |
|   |     | objectives   |
|   | CO2 | List out the objectives of teaching of computer science  |
|   |     | in schools   |
|   | CO3 | Apply the micro teaching skills during classroom instruction & Point out the qualities of good |
| Science At (0)  | 003 | computer science text book   |
|   | CO4 | Comprehend the principles of curriculum development  |
|   | CO5 | Develop skills in constructing test and evaluation   |
|   | 202 | 20.010 m constructing test and cratation   |

| CO1 | Obtain awareness on nature and scope of commerce  |
|-----|---|
| COI | and accountancy   |
| CO2 | Understand the aims, objectives and values of teaching commerce and accountancy   |
| CO3 | Plan and prepare lessons and teaching aids for teaching commerce  |
| CO4 | Understand various methods and techniques of teaching commerce and its application to children with learning difficulties |
| CO5 | Develop skills in preparation and use of appropriate instructional aids   |
| CO1 | Explain Role of Hindi language and mother tongue  |
| CO2 | Acquire skills and methods of teaching prose and poetry   |
| CO3 | Acquire skills and methods of teaching vocabulary and composition   |
| CO4 | Understand method of teaching the four-fold language skills   |
| CO5 | Understand about various approaches and techniques of teaching Hindi  |
| CO1 | Understand the origin and development of Tamil Language   |
| CO2 | Identify the importance of language in curriculum and principles of poem  |
| CO3 | Comprehend the structure of sound in Tamil language   |
| CO4 | Explain the literary appreciation   |
| CO5 | Distinguish the importance and special features of Tamil Language   |
| CO1 | Employ various methods for teaching English language  |
| CO2 | Clarify the nature of classroom climate and teachers' behaviour   |
| CO3 | Identify the principles of selecting teaching aids and uses of audio visual aids  |
| CO4 | Apply various technologies for teaching English language  |
| CO5 | Explain various strategies, techniques of testing and evaluation in English language                                      |
| CO1 | Elaborate the concept, need, principles and types of curriculum construction  |
| CO2 | Describe the stages of developingmathematics curriculum   |
| CO3 | Construct Mathematics curriculum and make out the suggestions for its improvement   |
| CO4 | Use various models of teaching in mathematics   |
| CO5 | Apply and evaluate different techniques including IT in mathematics.  |
|     | CO3 CO4 CO5 CO1 CO2 CO3 CO4                                   |

|   | CO1 | Know the principles of curriculum construction and science curricular projects.          |
|---|-----|--|
|   | CO2 | Chalk out the problems of organising and maintaining physics and chemistry laboratories. |
| Methodology of<br>Teaching Physical<br>Science A5 (D) | CO3 | Classify the individual differences and provide remedial teaching.                       |
|   | CO4 | Develop skills in planning for science clubs and exhibition.                             |
|   | CO5 | Approach the problems with scientific perspective  |
|   | CO1 | Construct curriculum for various levels in school  |
|   | CO2 | Obtain various skills needed for class room instruction                                  |
| Methodology of  | CO3 | Identify and prepare various aids for teaching biology                                   |
| Teaching Biological<br>Science A5 (E)                 | CO4 | Explain the techniques in preparing special aids for teaching biology                    |
|   | CO5 | Acquire the knowledge on the content of biology syllabus for IX standard                 |
|   | CO1 | Understand the need of teaching social science in school curriculum                      |
|   | CO2 | Describe the structure of organizing the Social science content                          |
| Methodology of<br>Teaching Social<br>Science A5 (F)   | CO3 | Express the need of resources and equipments in Social science subject                   |
|   | CO4 | Identify the issues in teaching and learning process                                     |
|   | CO5 | Comprehend the evaluation procedure in Social science                                    |
| Methodology of<br>Teaching Computer<br>Science A5(G)  | CO1 | Understand the software techniques involved in teaching learning process                 |
|   | CO2 | Acquire the knowledge on latest trends in information technology                         |
|   | CO3 | Explain the need and importance of computer laboratory in school                         |
|   | CO4 | Point out the qualities need for computer science teacher                                |
|   | CO5 | Use computer assisted instruction for teaching exceptional children                      |

|   | CO1 | Obtain awareness on nature and scope of commerce and accountancy  |
|---|-----|---|
| Methodology of  | CO2 | Understand the aims, objectives and values of teaching  |
|   | CO3 | Plan and prepare lessons and teaching aids for teaching   |
| Teaching Commerce A5 (H)                              |     | commerce Understand various methods and techniques of teaching  |
|   | CO4 | commerce and its application to children with learning difficulties   |
|   | CO5 | Develop skills in preparation and use of appropriate  |
|   |     | instructional aids in teaching commerce   |
|   | CO1 | Acquire knowledge about the role, status, objectives and problems of teaching Hindi as a second language in India |
|   | CO2 | Understand the nature and resources of language and issues related to language acquisition, variation and change  |
|   |     | Enrich the knowledge of Hindi vocabulary, structures,   |
| Methodology of  | CO3 | grammar and usage and to develop the ability to teach them  |
| Teaching Hindi A5 (I)                                 | CO4 | Know, compare and analyse various methods and   |
|   | CO5 | approaches of teaching Hindi as a second language Improvise and use appropriate aids for teaching Hindi           |
| -   |     | Use various techniques for the evaluation of learner's  |
| _   | CO6 | achievement in Hindi  |
|   | CO7 | Identify and analyze errors and plan and execute remedial instruction   |
|   | CO8 | Use various techniques for the evaluation of learner's achievement in Hindi                                       |
|   | CO1 | Name the different types of sensory impairments and its prevalence and describe the process of hearing &          |
|   |     | implications of various types of hearing loss.  |
| Introduction to                                       | CO2 | Explain the issues & ways to address challenges in educating students with hearing loss.                          |
| Sensory Disabilities                                  | CO3 | Describe nature, characteristics & assessment of  |
| 1BB1  | CO4 | students with low vision & visual impairment.  Suggest educational placement and curricular strategies            |
|   | CO5 | for students with low vision visual impairment.  Explicate the impact of deaf-blindness practices for             |
| Introduction to Neuro Developmental Disabilities 1BB2 | CO1 | functional development  Discuss the characteristics and types of learning   |
|   |     | disability.  Describe the tools, areas of assessment and apply  |
|   | CO2 | intervention strategies to enhance learning.  |
|   | CO3 | Explain the characteristics and types of Intellectual disability.   |
|   | CO4 | Describe the tools, areas of assessment and prepare and apply intervention strategies for independent living.     |
|   | CO5 | Explain the characteristics and types of Autism   |

|   | CO6 | Describe the tools, areas of assessment and apply intervention strategies.  |
|---|-----|---|
|   | CO1 | Identify the persons with Locomotor disabilities such as Cerebral Palsy, Amputees, Polio, Leprosy cured, Muscular dystrophies, Neural and spinal defects and Multiple disabilities. |
| Introduction to Locomotor and                                 | CO2 | Plan an effective programme for creating awareness about the persons with   |
| Multiple  | CO3 | Locomotor disabilities and Multiple disabilities.   |
| Disabilities<br>1BB3  | CO4 | Plan an effective therapeutic and programme for the persons with Locomotor disabilities and Multiple disabilities and to refer for medical intervention if necessary.               |
|   | CO5 | Plan an effective educational programme and functional activities for the persons with Locomotor disabilities and Multiple disabilities.  |
| Early Childhood   | CO1 | Explain the biological & sociological foundations of early childhood education.   |
| Care And<br>Education<br>3BB4(A)                              | CO2 | Describe the developmental systems approach and role responsibilities of interdisciplinary teams for early education of children with disabilities.                                 |
|   | CO3 | Enumerate the inclusive early education pedagogical practices.  |
| Application of ICT in Classroom                               | CO1 | Gauge the varying dimensions in respect of ICT and Applications in Special Education.   |
| 3BB4(B)   | CO2 | Delineate the special roles of ICT Applications.  |
| 3BB4(B)   | CO3 | Acquire Familiarity with Different Modes of Computer-Based Learning.  |
| Orientation and   | CO1 | Describe the nature and scope of O&M as also the O&M related responsibilities of the special teacher.   |
| Mobility  | CO2 | Acquire basic knowledge of human guide techniques.  |
| 3BB5 (A)  | CO3 | Describe pre-cane and cane travel skills and devices.   |
|   | CO4 | Get acquainted with the importance and skills of training in independent living for the visually impaired.  |
| Communication Options: Manual (Indian Sign Language) 3BB5 (B) | CO1 | Discuss the two manual options with reference to Indian special schools.  |
|   | CO2 | Discuss the relevant issues like literacy, inclusion and training with reference to manual options.   |
|   | CO3 | Describe manual options in the light of issues like language, culture and identify.   |
|   | CO4 | Exhibit beginner level hands on skills in using manual options.   |
|   | CO5 | Motivate self to learn and practice more skills leading to linguistic adequacy and fluency.   |
| VocationalRehabilit ation & Transition to                     | CO1 | Develop an understanding of vocational education & its relevance for PWD's.   |
| Job Placement   | CO2 | Carry out vocational assessment and make vocational   |

| 3BB5 (C)  |     | training plan.   |
|---|-----|--|
| \   | CO3 | Plan for transition from School to job.  |
|   | CO4 | Identify various avenues for job placement.  |
|   | CO5 | Facilitate PWD's in making choice of vocational trades.  |
|   | CO1 | Explain Inclusion and the progression from segregation to inclusion  |
|   | CO2 | Appreciate diversity in an inclusive class   |
|   | CO3 | Describe key nation and international policies and frameworks facilitating inclusive education                         |
|   | CO4 | Enumerate skills in adapting instructional strategies for teaching in mainstream classrooms                            |
| Inclusive Education - 4BB6  | CO5 | Describe inclusive pedagogical practices and its relation to good teaching   |
|   | CO6 | Describe strategies for collaborative working and stakeholder support in implementing inclusive education              |
|   | CO7 | Explain the role of society in general for successful inclusion  |
|   | CO1 | Assess and identify the needs of individuals with visual impairment  |
|   | CO2 | Identify children who are at risk for visual impairment.   |
|   | CO3 | Describe the structure of eye and common eye defects.  |
| Assessment and  | CO4 | Explain the etiology of visual impairment.   |
| Identification of Needs of Individuals                            | CO5 | Analyse the implications of visual impairment and identify their needs.  |
| with Visual<br>Impairment   | CO6 | Develop skills to identify and assess children with visual impairment.   |
| 1BC1  | CO7 | Develop skills to do functional vision assessment and enhance the residual vision.                                     |
|   | CO8 | Describe the needs and develop skills to assess children with visual impairment and multiple disabilities (VIMD).      |
|   | CO1 | Design, adapt and evaluate the curriculum for individuals with visual impairment                                       |
|   | CO2 | Understand of the concept of curriculum approaches to curriculum development   |
| CurriculumDesiemine   | CO3 | Define curriculum, its types and explain its importance.   |
| CurriculumDesigning, - AdaptationandEvaluat ion for Individuals - | CO4 | Demonstrate techniques of teaching functional academic skills.   |
| with Visual Impairment 2BC2                                       | CO5 | Explain importance and components of independent living skills.  |
|   | CO6 | Explain curricular adaptations with reasonable accommodations.   |
|   | CO7 | Illustrate how physical education and creative arts activities can be adapted for the children with visual impairment. |

|  |     | Get acquainted with various devices for making           |
|--|-----|--|
|  | CO1 | effective teaching- learning process.                    |
|  |     | Relate the concept and nature of educational             |
|  | CO2 | technology and ICT to the education of children with     |
|  | CO2 | visual impairment.                                       |
| Application of   |     | Acquire knowledge of the concept and nature of           |
| Assistive Technology   | CO3 | adaptive technology and explain underlying principles    |
| for Individuals with   | CO3 | and techniques.  |
| Visual Impairment  |     | Get familiar with technologies for print-access for      |
| 3BC3   | CO4 | children with visual impairment.                         |
|  |     | Describe and use different technologies for teaching     |
|  | CO5 | low vision children as also various school subjects.     |
|  |     | Ţ.   |
|  | CO6 | Demonstrate understanding of computer-based              |
|  |     | teaching-learning processes.                             |
|  | CO1 | Identify the challenges of curriculum transaction, at    |
|  |     | par with their sighted peers.                            |
|  | CO2 | Explain various theoretical perspectives related to      |
|  |     | intervention & teaching strategies.                      |
| T  | CO3 | Demonstrate techniques of teaching Mathematics to        |
| Interventionand  |     | visually impaired children.                              |
| Teaching Strategies  | ~~. | Acquire necessary competencies and skills for teaching   |
| for Individuals with   | CO4 | science and assessment of the learners with special      |
| Visual Impairment  |     | reference to children with visual impairment.            |
| 4BC4   | CO5 | Acquire and apply necessary skills for adapting TLM in   |
|  |     | social science and assessment of the learners with       |
|  |     | special reference to children with visual impairment.    |
|  | CO6 | Describe the process of assessment visual efficiency     |
|  |     | and classroom management for children with low           |
|  |     | vision.  |
|  | CO1 | Describe the effect of birth of a child with visual      |
|  | CO1 | impairment on the family.                                |
| PsychoSocial and   | CO2 | Analyze the role of family and parental concerns         |
| Family Issues of   |     | related to their child with visual impairment from birth |
| Individuals with   |     | to adulthood.  |
| Visual Impairment  | CO3 | Explain the role of parent community partnership in the  |
| 4BC5   |     | rehabilitation of a person with visual impairment.       |
| TDC3   |     | Develop different skills to empower families in          |
|  | CO4 | meeting the challenges of having a child with visual     |
|  |     | impairment.  |
| Fundamental Concepts in Educational Research & Statistics 2BD1 | CO1 | Describe the concept and relevance of research in        |
|  | CO1 | education and special education.                         |
|  | CO2 | Develop an understanding of the research process and     |
|  | CO2 | acquire competencies for conducting a research.          |
|  |     | Apply suitable measures for data organization and        |
|  |     | analysis.  |
|  | 002 |  |
|  | CO3 |  |
|  |     |  |
|  |     |  |
| <u> </u>   |     |  |

|   | CO1 | Reflect on student's own current level of literacy   |
|---|-----|--|
|   | CO2 | Undertake practice in basic reading skills to become active readers                                      |
| Reading and Reflecting on Texts             | CO3 | Undertake practice in basic writing skills to become independent writers                                 |
| (EPC)<br>4BD2                               | CO4 | Describe strategies to facilitate development of good reading skills among students                      |
|   | CO5 | Describe strategies to facilitate development of good writing skills among students                      |
|   | CO6 | Chooses to read books or write stories or poems as leisure time activity                                 |
| Drama and Art in<br>Education (EPC)<br>4BD3 | CO1 | Explain art appreciation, art expression and art education   |
|   | CO2 | Describe strategies for facilitating learning of various arts for students with and without disabilities |
|   | CO3 | Describe adaptive strategies of artistic expression  |
|   | CO4 | Explain how art can enhance learning   |

# Programme Specific Outcomes B.Ed – Special Education (Hearing Impairment)

### Programme specific outcomes B.Ed of Special Education (Hearing Impairment) B.Ed.Spl.Ed (HI)

### PSO1.

Understand the nature and basic concepts of core subjects like human growth and development, educational psychology, educational planning and management and educational evaluation and plan, apply, manage and evaluate the techniques.

### PSO2.

Understand the different types of disabilities and educational setup such as special, integrated and inclusive educational settings as well as in home based programmes. Will be able to work in early intervention centers, all types of schools such as Special, Integrated, Inclusive in the pre-primary and primary levels and home based programmes too.

### PSO<sub>3</sub>.

Develop skills to identify and assess the needs of individuals with Hearing Impairment.

### PSO<sub>4</sub>

Develop individualized educational plan/programme, lesson plans and behavior modification strategies for children with Hearing Impairment by assessing case history, case studies proforma.

### PSO<sub>5</sub>.

Plan and adapt curriculum, teaching strategies and material development to teach children with Hearing Impairment.

### PSO6.

Understand the applications of various methods and techniques pertaining to children with Hearing Impairment.

### PSO7.

Prepare and use of various teaching aids and uses various assistive devices in classroom management in special, integrated and inclusive educational settings.

### PSO8.

Able to carry out projects to solve the current issues in the class room, home environment and in the community.

### PSO9.

Communicate effectively in the three communication options for hearing impaired.

### PSO10.

Follows ethical principles and commit to professional ethics and responsibilities and norms of the teaching profession.

# Course Outcomes B.Ed – Special Education (Hearing Impairment)

### Course Outcomes B.Ed of Special Education (Hearing Impairment) B.Ed.Spl.Ed (HI)

After the completion of the course, the student trainees will be able to:

| Title of the Course                    | No. | <b>Course Outcomes</b>   |
|--|-----|--|
|  | CO1 | Explain the process of development during infancy  |
|  | CO2 | Explain the process of development during childhood  |
| Human Growth and                       | CO3 | Explain the process of development during adolescence  |
| Development<br>1BA1                    | CO4 | Analyze the developmental variations among children.   |
| 15/11                                  | CO5 | Describe adolescence as a period of transition and threshold of adulthood                    |
|  | CO6 | Enumerate different factors affecting child development.                                     |
|  | CO1 | Explain the history, nature and process of education   |
|  | CO2 | Explain the philosophies and their contributions to education                                |
| Contemporary India                     | CO3 | Describe the role of education in the modern context   |
| and Education                          | CO4 | Explain the concept of diversity   |
| 1BA2                                   | CO5 | Enumerate the trends seen in contemporary Indian Education                                   |
|  | CO6 | Enumerate the issues and challenges faced by contemporary Indian Education in global context |
|  | CO1 | Explain theories of learning and intelligence  |
| Learning, Teaching and Assessment 2BA3 | CO2 | Enumerate the applications of theories of learning and intelligence for teaching children    |
|  | CO3 | Describe the learning process  |
|  | CO4 | Describe the nature and theory of motivation   |
|  | CO5 | Explain stages of teaching and learning  |
|  | CO6 | Describe the role of the teacher   |
|  | CO7 | Narrate experiences of the teaching learning process   |

|   | CO8 | Explain the scope and role of assessment in teaching learning process to introduce dynamic assessment scheme for educational set up towards enhanced learning |
|---|-----|---|
|   | CO1 | Realize the rationale of learning Tamil language  |
| Pedagogy of School Subjects – Paper I                 | CO2 | Explain the various methods of learning Tamil   |
| 2BA4 Methodology of                                   | CO3 | Illustrate the techniques in teaching prose, poem, grammar and essay  |
| Teaching Tamil A4 (A)                                 | CO4 | Exemplify the fundamental skills of language  |
|   | CO5 | Comprehend the principles of curriculum development   |
|   | CO1 | Explain the role of English language and mother tongue  |
|   | CO2 | Acquire skills and methods of teaching prose and poetry   |
| Methodology of<br>Teaching English                    | CO3 | Demonstrate the skills and methods of teaching vocabulary and composition   |
| A4 (B)  | CO4 | Comprehend the method of teaching the four-fold language skills   |
|   | CO5 | Distinguish various approaches and techniques of teaching English   |
|   | CO1 | Describe the history of mathematics and its value in day to day applications  |
| Methodology of  | CO2 | Apply different methods and techniques in teaching mathematics effectively  |
| Teaching Mathematics A4                               | CO3 | Understand and identify influence of various psychological factors in learning  |
| (C)   | CO4 | Make out the individual differences in learning mathematics and to plan activities according to the needs of the students                                     |
|   | CO5 | Organize learning resources and apply them appropriately in everyday teaching   |
|   | CO1 | Understand the need and importance of teaching physical science in higher secondary level   |
| Methodology of<br>Teaching Physical<br>Science A4 (D) | CO2 | Able to prepare a lesson plan and presenting them effectively in the classroom  |
|   | CO3 | Identify and apply various teaching methods for teaching of physical science  |
|   | CO4 | Develop theoretical and practical understanding of the hardware and software relating to the technology of teaching.  |

|   | CO5 | Apply the evaluation techniques in the classroom  |
|---|-----|---|
|   | CO1 | Understand the aims, objectives and challenges in teaching biology  |
| Methodology of                                | CO2 | Obtain various skills needed for class room instruction   |
| Teaching Biological                           | CO3 | Identify and prepare various aids for teaching biology  |
| Science A4 (E)                                | CO4 | Explain the techniques in preparing special aids for teaching biology   |
|   | CO5 | Acquire the knowledge on the content of biology syllabus for IX standard  |
|   | CO1 | Identify the need of teaching social science in school curriculum   |
|   | CO2 | Apply various instructional strategies in teaching social science   |
| Methodology of Teaching Social                | CO3 | Express the need and types of teaching aids in social science   |
| Science A4 (F)                                | CO4 | Develop skills in writing objectives, preparing lesson plan, unit plan and the need for developing micro teaching skills. |
|   | CO5 | Comprehend the essential qualities and functions of a teacher   |
|   | CO1 | Understand the Bloom's taxonomy of educational objectives   |
| Methodology of                                | CO2 | List out the objectives of teaching of computer science in schools  |
| Teaching Computer Science A4 (G)              | CO3 | Apply the micro teaching skills during classroom instruction & Point out the qualities of good computer science text book |
|   | CO4 | Comprehend the principles of curriculum development   |
|   | CO5 | Develop skills in constructing test and evaluation  |
| Methodology of<br>Teaching Commerce<br>A4 (H) | CO1 | Obtain awareness on nature and scope of commerce and accountancy  |
|   | CO2 | Understand the aims, objectives and values of teaching commerce and accountancy   |
|   | CO3 | Plan and prepare lessons and teaching aids for teaching commerce  |
|   | CO4 | Understand various methods and techniques of teaching commerce and its application to children with learning difficulties |
|   | CO5 | Develop skills in preparation and use of appropriate instructional aids   |

|   | CO1 | Explain Role of Hindi language and mother tongue  |
|---|-----|---|
|   | CO2 | Acquire skills and methods of teaching prose and poetry                                 |
| Methodology of<br>Hindi A4 (I)                  | CO3 | Acquire skills and methods of teaching vocabulary and composition                       |
|   | CO4 | Understand method of teaching the four-fold language skills                             |
|   | CO5 | Understand about various approaches and techniques of teaching Hindi                    |
| Methodology of                                  | CO1 | Develop skills to screen, assess and understand the children with learning difficulties |
| Teaching Children with Learning                 | CO2 | Organize the resource room  |
| Problems in an                                  | CO3 | Assess and plan remedial teaching in English  |
| Inclusive Setting A4 (J)                        | CO4 | Assess and plan remedial teaching in Indian language                                    |
|   | CO5 | Assess and plan remedial teaching in mathematics  |
| Pedagogy of School                              | CO1 | Understand the origin and development of Tamil<br>Language                              |
| Subjects – Paper II 3BA5                        | CO2 | Identify the importance of language in curriculum and principles of poem                |
| Methodology of                                  | CO3 | Comprehend the structure of sound in Tamil language                                     |
| Teaching Tamil A5 (A)                           | CO4 | Explain the literary appreciation   |
| (A)   | CO5 | Distinguish the importance and special features of Tamil Language                       |
|   | CO1 | Employ various methods for teaching English language                                    |
| Methodology of                                  | CO2 | Clarify the nature of classroom climate and teachers' behaviour                         |
| Teaching English                                | CO3 | Identify the principles of selecting teaching aids and uses of audio visual aids        |
| A5 (B)  | CO4 | Apply various technologies for teaching English language                                |
|   | CO5 | Explain various strategies, techniques of testing and evaluation in English language    |
| Methodology of<br>Teaching<br>Mathematics A5(C) | CO1 | Elaborate the concept, need, principles and types of curriculum construction            |
|   | CO2 | Describe the stages of developing mathematics curriculum                                |
|   | CO3 | Construct Mathematics curriculum and make out the suggestions for its improvement       |

|   | CO4 | Use various models of teaching in mathematics  |
|---|-----|--|
|   | CO5 | Apply and evaluate different techniques including IT in mathematics.                     |
|   | CO1 | Know the principles of curriculum construction and science curricular projects.          |
| Methodology of                                      | CO2 | Chalk out the problems of organising and maintaining physics and chemistry laboratories. |
| Teaching Physical Science A5 (D)                    | CO3 | Classify the individual differences and provide remedial teaching.                       |
| Science A3 (D)                                      | CO4 | Develop skills in planning for science clubs and exhibition.                             |
|   | CO5 | Approach the problems with scientific perspective  |
|   | CO1 | Construct curriculum for various levels in school  |
| Methodology of                                      | CO2 | Obtain various skills needed for class room instruction                                  |
| Teaching Biological Science A5 (E)                  | CO3 | Identify and prepare various aids for teaching biology                                   |
| Science A3 (E)                                      | CO4 | Explain the techniques in preparing special aids for teaching biology                    |
|   | CO5 | Acquire the knowledge on the content of biology syllabus for IX standard                 |
|   | CO1 | Understand the need of teaching social science in school curriculum                      |
| Methodology of<br>Teaching Social<br>Science A5 (F) | CO2 | Describe the structure of organizing the Social science content                          |
|   | CO3 | Express the need of resources and equipments in Social science subject                   |
|   | CO4 | Identify the issues in teaching and learning process                                     |
|   | CO5 | Comprehend the evaluation procedure in Social science                                    |
|   | CO1 | Understand the software techniques involved in teaching learning process                 |
| Methodology of                                      | CO2 | Acquire the knowledge on latest trends in information technology                         |
| Teaching Computer Science A5(G)                     | CO3 | Explain the need and importance of computer laboratory in school                         |
| Science 713(G)                                      | CO4 | Point out the qualities need for computer science teacher                                |
|   | CO5 | Use computer assisted instruction for teaching exceptional children                      |
| Methodology of                                      | CO1 | Obtain awareness on nature and scope of commerce and accountancy                         |
| Teaching Commerce A5 (H)                            | CO2 | Understand the aims, objectives and values of teaching commerce and accountancy          |
| A3 (11)   | CO3 | Plan and prepare lessons and teaching aids for teaching commerce                         |

|   | CO4 | Understand various methods and techniques of teaching commerce and its application to children with learning difficulties                               |
|---|-----|---|
|   | CO5 | Develop skills in preparation and use of appropriate instructional aids in teaching commerce  |
|   | CO1 | Acquire knowledge about the role, status, objectives and problems of teaching Hindi as a second language in India                                       |
|   | CO2 | Understand the nature and resources of language and issues related to language acquisition, variation and change  |
|   | CO3 | Enrich the knowledge of Hindi vocabulary, structures, grammar and usage and to develop the ability to teach them  |
| Methodology of Teaching Hindi A5 (I)                          | CO4 | Know, compare and analyse various methods and approaches of teaching Hindi as a second language   |
|   | CO5 | Improvise and use appropriate aids for teaching Hindi   |
|   | CO6 | Use various techniques for the evaluation of learner's achievement in Hindi   |
|   | CO7 | Identify and analyze errors and plan and execute remedial instruction   |
|   | CO8 | Use various techniques for the evaluation of learner's achievement in Hindi   |
|   | CO1 | Define the term transition and explain various stages of Individualized Vocational Transition Plan  |
| Methodology of Transition of                                  | CO2 | Identify generic/work readiness skills and conduct job<br>survey and prepare job analysis for persons with mental<br>retardation                        |
| Persons with Mental Retardation from School to Work A5 A5 (J) | СОЗ | Explain approaches to vocational assessment, select tools and conduct vocational Assessment   |
|   | CO4 | Describe various types of employment and related activities to train and place the persons with mental retardation.                                     |
|   | CO5 | Introduce the adult related needs such as sex education, self advocacy and recreation   |
| Introduction to<br>Sensory Disabilities                       | CO1 | Name the different types of sensory impairments and its prevalence and describe the process of hearing & implications of various types of hearing loss. |

| 1BB1                          | CO2 | Explain the issues & ways to address challenges in educating students with hearing loss.   |
|-------------------------------|-----|--|
|                               | CO3 | Describe nature, characteristics & assessment of students with low vision & visual impairment.   |
|                               | CO4 | Suggest educational placement and curricular strategies for students with low vision& visual impairment.   |
|                               | CO5 | Explicate the impact of deaf-blindness & practices for functional development  |
|                               | CO1 | Discuss the characteristics and types of learning disability.  |
| Introduction to               | CO2 | Describe the tools, areas of assessment and apply intervention strategies to enhance learning.   |
| Neuro<br>Developmental        | СОЗ | Explain the characteristics and types of Intellectual disability.  |
| Disabilities 1BB2             | CO4 | Describe the tools, areas of assessment and prepare and apply intervention strategies for independent living.  |
|                               | CO5 | Explain the characteristics and types of Autism Spectrum Disorder.   |
|                               | CO6 | Describe the tools, areas of assessment and apply intervention strategies.   |
|                               | CO1 | Identify the persons with Locomotor disabilities such as<br>Cerebral Palsy, Amputees, Polio, Leprosy cured, Muscular<br>dystrophies, Neural and spinal defects and Multiple<br>disabilities. |
| Introduction to Locomotor and | CO2 | Plan an effective programme for creating awareness about the persons with  |
| Multiple Disabilities         | CO3 | Locomotor disabilities and Multiple disabilities.  |
| 1BB3                          | CO4 | Plan an effective therapeutic and programme for the persons with Locomotor disabilities and Multiple disabilities and to refer for medical intervention if necessary.                        |
|                               | CO5 | Plan an effective educational programme and functional activities for the persons with Locomotor disabilities and Multiple disabilities.   |

| Early Childhood   | CO1 | Explain the biological & sociological foundations of early childhood education.   |
|---|-----|---|
| Care And Education 3BB4(A)                              | CO2 | Describe the developmental systems approach and role responsibilities of interdisciplinary teams for early education of children with disabilities. |
|   | CO3 | Enumerate the inclusive early education pedagogical practices.  |
| Application of ICT in Classroom                         | CO1 | Gauge the varying dimensions in respect of ICT and Applications in Special Education.   |
| 3BB4(B)   | CO2 | Delineate the special roles of ICT Applications.  |
|   | CO3 | Acquire Familiarity with Different Modes of Computer-Based Learning.  |
| Orientation and   | CO1 | Describe the nature and scope of O&M as also the O&M related responsibilities of the special teacher.   |
| Mobility  | CO2 | Acquire basic knowledge of human guide techniques.  |
| 3BB5 (A)  | CO3 | Describe pre-cane and cane travel skills and devices.   |
|   | CO4 | Get acquainted with the importance and skills of training in independent living for the visually impaired.  |
|   | CO1 | Discuss the two manual options with reference to Indian special schools.  |
| Communication Options: Manual (Indian Sign              | CO2 | Discuss the relevant issues like literacy, inclusion and training with reference to manual options.   |
| Language) 3BB5 (B)                                      | CO3 | Describe manual options in the light of issues like language, culture and identify.   |
|   | CO4 | Exhibit beginner level hands on skills in using manual options.   |
|   | CO5 | Motivate self to learn and practice more skills leading to linguistic adequacy and fluency.   |
| Vocational Rehabilitation & Transition to Job Placement | CO1 | Develop an understanding of vocational education & its relevance for PWD's.   |
|   | CO2 | Carry out vocational assessment and make vocational training plan.  |

| 3BB5 (C)  | CO3 | Plan for transition from School to job.   |
|---|-----|---|
|   | CO4 | Identify various avenues for job placement.   |
|   | CO5 | Facilitate PWD's in making choice of vocational trades.   |
|   | CO1 | Explain Inclusion and the progression from segregation to inclusion   |
|   | CO2 | Appreciate diversity in an inclusive class  |
|   | CO3 | Describe key nation and international policies and frameworks facilitating inclusive education  |
| Inclusive Education   | CO4 | Enumerate skills in adapting instructional strategies for teaching in mainstream classrooms   |
| 4BB6  | CO5 | Describe inclusive pedagogical practices and its relation to good teaching  |
|   | CO6 | Describe strategies for collaborative working and stakeholder support in implementing inclusive education   |
|   | CO7 | Explain the role of society in general for successful inclusion   |
| Assessment and Identification of Needs of Individuals with Hearing Impairment  1BC1 | CO1 | Explain the need and techniques for early identification of hearing loss in children.   |
|   | CO2 | Acquire knowledge in the area of Audiological assessment and its relevance in education.  |
|   | CO3 | To discuss communicative and language related needs with the understanding of its development and assessment.   |
|   | CO4 | Understand the need for assessment of various processes involved in production of speech.   |
|   | CO5 | Describe and identify different components of educational assessment and analyze various educational needs of individuals with hearing impairment.                  |
| Curriculum Designing, Adaptation and  | CO1 | Familiar with concept of curriculum and explain the importance of designing it for children with hearing impairment in the context of 21st Century learning skills. |
| Evaluation for  | CO2 | Develop capacity of developing literacy skills of reading   |

| Individuals   |     | and writing in children with hearing impairment.   |
|---|-----|--|
| with Hearing<br>Impairment  | CO3 | Describe the need for curricular adaptation and decide suitable adaptation and undertake it.   |
| 2BC2  | CO4 | Appreciate the need for curricular evaluation and describe the tools and methods for evaluating it.  |
|   | CO1 | Enumerate various listening devices and describe ways of effective usage and maintenance.  |
| Application of Assistive  | CO2 | Create awareness and basic exposure to state-of-the-art technology for management of various aspects of speech.  |
| Technology for Individuals with Hearing Impairment                                | CO3 | Narrate the range of technological applications that can be used for facilitating communication and language.  |
| 3BC3  | CO4 | Explain the present and future technologies facilitating the education of children with hearing impairment.  |
|   | CO5 | Identify different resources (financial & human) to obtain technology.   |
|   | CO1 | To understand about programmes for early intervention of infants and children with Hearing Impairment.   |
| Intervention and Teaching Strategies for Individuals with Hearing Impairment 4BC4 | CO2 | Describe the need, stages and importance of auditory listening & Speech reading for facilitating development of spoken language of children with hearing impairment. |
|   | CO3 | Explain various approaches to teaching, strategies for speech intervention.  |
|   | CO4 | Describe methods, techniques and options to facilitate language and communication.   |
|   | CO5 | Explain the concept, principles and practices, linkages and outcomes of educational intervention.  |
| Psycho Social and Family Issues of Individuals with Hearing Impairment 4BC5       | CO1 | Explain psycho social development of early childhood and role of family.   |
|   | CO2 | To understand the family needs and find self-ready to support families for empowering the child with disability.   |
|   | CO3 | Ensure family involvement in educational programs.   |

| Fundamental<br>Concepts in          | CO1 | Describe the concept and relevance of research in education and special education.                       |
|-------------------------------------|-----|--|
| Educational Research & Statistics   | CO2 | Develop an understanding of the research process and acquire competencies for conducting a research.     |
| 2BD1                                | CO3 | Apply suitable measures for data organization and analysis.  |
|                                     | CO1 | Reflect on student's own current level of literacy   |
|                                     | CO2 | Undertake practice in basic reading skills to become active readers                                      |
| Reading and Reflecting on Texts     | CO3 | Undertake practice in basic writing skills to become independent writers                                 |
| (EPC)<br>4BD2                       | CO4 | Describe strategies to facilitate development of good reading skills among students                      |
|                                     | CO5 | Describe strategies to facilitate development of good writing skills among students                      |
|                                     | CO6 | Chooses to read books or write stories or poems as leisure time activity                                 |
|                                     | CO1 | Explain art appreciation, art expression and art education   |
| Drama and Art in<br>Education (EPC) | CO2 | Describe strategies for facilitating learning of various arts for students with and without disabilities |
| 4BD3                                | CO3 | Describe adaptive strategies of artistic expression  |
|                                     | CO4 | Explain how art can enhance learning   |

# Programme Specific Outcomes B.Ed – Special Education (Mental Retardation)

**Programme Specific Outcomes Programme: Bachelors in Special Education (Mental Retardation)** 

**B.Ed Special Education (MR)** 

PSO1

Understand the nature and basic concepts of core subjects like Developments in Special Education, Research Methodology and Statistics, Psychology of Development and Learning, Curriculum Design & Development, Inclusive Education, Perspectives in Teacher Education

and Educational Evaluation.

PSO<sub>2</sub>

Build theoretical knowledge and skills in research methodologies and conducting research in order to enhance inclusive education for children with disabilities.

PSO<sub>3</sub>

Apply leadership skills in advocating and meeting educational needs of children with disabilities in various settings.

PSO<sub>4</sub>

Develop specialized capacity for leadership in curriculum, pedagogy and universal design.

PSO<sub>5</sub>

Understand the curriculum and teaching strategies for individuals with mental retardation.

PSO<sub>6</sub>

Apply advanced technology for individuals with mental retardation.

# Course Outcomes B.Ed – Special Education (Mental Retardation)

### **Course Outcomes**

### Programme: Bachelors in Special Education (Mental Retardation) B.Ed Special Education (MR)

After the completion of the course, the student trainees will be able to:

| Title of the Course  | No. | Course Outcomes   |
|--|-----|---|
|  | CO1 | Explain the process of development during infancy   |
|  | CO2 | Explain the process of development during childhood   |
| Human Growth and   | CO3 | Explain the process of development during adolescence   |
| Development  | CO4 | Analyze the developmental variations among children.  |
| 1BA1   | CO5 | Describe adolescence as a period of transition and threshold of adulthood   |
|  | CO6 | Enumerate different factors affecting child development.  |
|  | CO1 | Explain the history, nature and process of education  |
|  | CO2 | Explain the philosophies and their contributions to education   |
| Contemporary India and   | CO3 | Describe the role of education in the modern context  |
| Education  | CO4 | Explain the concept of diversity  |
| 1BA2   | CO5 | Enumerate the trends seen in contemporary Indian Education  |
|  | CO6 | Enumerate the issues and challenges faced by contemporary Indian Education in global context  |
|  | CO1 | Explain theories of learning and intelligence   |
|  | CO2 | Enumerate the applications of theories of learning and intelligence for teaching children   |
|  | CO3 | Describe the learning process   |
| Learning, Teaching and   | CO4 | Describe the nature and theory of motivation  |
| Assessment   | CO5 | Explain stages of teaching and learning   |
| 2BA3   | CO6 | Describe the role of the teacher  |
|  | CO7 | Narrate experiences of the teaching learning process  |
|  | CO8 | Explain the scope and role of assessment in teaching learning process to introduce dynamic assessment scheme for educational set up towards enhanced learning |
|  | CO1 | Realize the rationale of learning Tamil language  |
| Pedagagy of School   | CO2 | Explain the various methods of learning Tamil   |
| Pedagogy of School<br>Subjects – Paper I 2BA4<br>Methodology of Teaching<br>Tamil A4 (A) | CO3 | Illustrate the techniques in teaching prose, poem, grammar and essay  |
|  | CO4 | Exemplify the fundamental skills of language  |
|  | CO5 | Comprehend the principles of curriculum development   |
| M 4 11 27 1  | CO1 | Explain the role of English language and mother tongue  |
| Methodology of Teaching<br>English A4 (B)  | CO2 | Acquire skills and methods of teaching prose and poetry   |

|  | CO3 | Demonstrate the skills and methods of teaching vocabulary and composition   |
|--|-----|---|
|  | CO4 | Comprehend the method of teaching the four-fold language skills   |
|  | CO5 | Distinguish various approaches and techniques of teaching English   |
|  | CO1 | Describe the history of mathematics and its value in day to day applications  |
|  | CO2 | Apply different methods and techniques in teaching mathematics effectively  |
| Methodology of Teaching<br>Mathematics A4 (C)      | СОЗ | Understand and identify influence of various psychological factors in learning  |
|  | CO4 | Make out the individual differences in learning mathematics and to plan activities according to the needs of the students |
|  | CO5 | Organize learning resources and apply them appropriately in everyday teaching   |
|  | CO1 | Understand the need and importance of teaching physical science in higher secondary level                                 |
|  | CO2 | Able to prepare a lesson plan and presenting them effectively in the classroom  |
| Methodology of Teaching<br>Physical Science A4 (D) | CO3 | Identify and apply various teaching methods for teaching of physical science  |
|  | CO4 | Develop theoretical and practical understanding of the hardware and software relating to the technology of teaching.      |
|  | CO5 | Apply the evaluation techniques in the classroom  |
|  | CO1 | Understand the aims, objectives and challenges in teaching biology  |
|  | CO2 | Obtain various skills needed for class room instruction   |
| Methodology of Teaching                            | CO3 | Identify and prepare various aids for teaching biology  |
| Biological Science A4 (E)                          | CO4 | Explain the techniques in preparing special aids for teaching biology   |
|  | CO5 | Acquire the knowledge on the content of biology syllabus for IX standard  |
| Methodology of Teaching<br>Social Science A4 (F)   | CO1 | Identify the need of teaching social science in school curriculum   |
|  | CO2 | Apply various instructional strategies in teaching social science   |
|  | СОЗ | Express the need and types of teaching aids in social science   |
|  | CO4 | Develop skills in writing objectives, preparing lesson  |

|   |     | plan, unit plan and the need for developing micro teaching skills.  |
|---|-----|---|
|   | CO5 | Comprehend the essential qualities and functions of a teacher   |
|   | CO1 | Understand the Bloom's taxonomy of educational objectives   |
|   | CO2 | List out the objectives of teaching of computer science in schools  |
| Methodology of Teaching<br>Computer Science A4 (G)  | CO3 | Apply the micro teaching skills during classroom instruction & Point out the qualities of good computer science text book |
|   | CO4 | Comprehend the principles of curriculum development   |
|   | CO5 | Develop skills in constructing test and evaluation  |
|   | CO1 | Obtain awareness on nature and scope of commerce and accountancy  |
|   | CO2 | Understand the aims, objectives and values of teaching commerce and accountancy   |
| Methodology of Teaching   | CO3 | Plan and prepare lessons and teaching aids for teaching commerce  |
| Commerce A4 (H)   | CO4 | Understand various methods and techniques of teaching commerce and its application to children with learning difficulties |
|   | CO5 | Develop skills in preparation and use of appropriate instructional aids   |
|   | CO1 | Explain Role of Hindi language and mother tongue  |
|   | CO2 | Acquire skills and methods of teaching prose and poetry   |
| Methodology of Hindi A4   | CO3 | Acquire skills and methods of teaching vocabulary and composition   |
| (I)   | CO4 | Understand method of teaching the four-fold language skills   |
|   | CO5 | Understand about various approaches and techniques of teaching Hindi  |
|   | CO1 | Develop skills to screen, assess and understand the children with learning difficulties                                   |
| Methodology of Teaching<br>Children with Learning<br>Problems in an Inclusive<br>Setting A4 (J) | CO2 | Organize the resource room  |
|   | CO3 | Assess and plan remedial teaching in English  |
|   | CO4 | Assess and plan remedial teaching in Indian language  |
|   | CO5 | Assess and plan remedial teaching in mathematics  |
| PedagogyofSchoolSubjects - Paper II   | CO1 | Understand the origin and development of Tamil Language   |
| 3BA5 Methodology of Teaching  | CO2 | Identify the importance of language in curriculum and principles of poem  |
| Tamil A5 (A)  | CO3 | Comprehend the structure of sound in Tamil language   |

|  | CO4 | Explain the literary appreciation  |
|--|-----|--|
|  | CO4 | Distinguish the importance and special features of                                       |
|  | CO5 | Tamil Language   |
|  | CO1 | Employ various methods for teaching English language                                     |
|  | CO2 | Clarify the nature of classroom climate and teachers' behaviour                          |
| Methodology of Teaching<br>English A5 (B)            | СОЗ | Identify the principles of selecting teaching aids and uses of audio visual aids         |
| -  | CO4 | Apply various technologies for teaching English language                                 |
|  | CO5 | Explain various strategies, techniques of testing and evaluation in English language     |
|  | CO1 | Elaborate the concept, need, principles and types of curriculum construction             |
| Made delega of Tarabia                               | CO2 | Describe the stages of developingmathematics curriculum                                  |
| Methodology of Teaching<br>Mathematics A5(C)         | СОЗ | Construct Mathematics curriculum and make out the suggestions for its improvement        |
|  | CO4 | Use various models of teaching in mathematics  |
|  | CO5 | Apply and evaluate different techniques including IT in mathematics.                     |
|  | CO1 | Know the principles of curriculum construction and science curricular projects.          |
|  | CO2 | Chalk out the problems of organising and maintaining physics and chemistry laboratories. |
| Methodology of Teaching<br>Physical Science A5 (D)   | СОЗ | Classify the individual differences and provide remedial teaching.                       |
|  | CO4 | Develop skills in planning for science clubs and exhibition.                             |
|  | CO5 | Approach the problems with scientific perspective  |
|  | CO1 | Construct curriculum for various levels in school  |
|  | CO2 | Obtain various skills needed for class room instruction                                  |
| Mathadalass of Tasahina                              | CO3 | Identify and prepare various aids for teaching biology                                   |
| Methodology of Teaching<br>Biological Science A5 (E) | CO4 | Explain the techniques in preparing special aids for teaching biology                    |
|  | CO5 | Acquire the knowledge on the content of biology syllabus for IX standard                 |
| Methodology of Teaching<br>Social Science A5 (F)     | CO1 | Understand the need of teaching social science in school curriculum                      |
|  | CO2 | Describe the structure of organizing the Social science content                          |
|  | СОЗ | Express the need of resources and equipments in Social science subject                   |
|  | CO4 | Identify the issues in teaching and learning process                                     |
|  | CO5 | Comprehend the evaluation procedure in Social science                                    |
| Methodology of Teaching<br>Computer Science A5(G)    | CO1 | Understand the software techniques involved in teaching learning process                 |

|   | CO2 | Acquire the knowledge on latest trends in information technology   |
|---|-----|--|
|   | CO3 | Explain the need and importance of computer laboratory in school   |
|   | CO4 | Point out the qualities need for computer science teacher  |
|   | CO5 | Use computer assisted instruction for teaching exceptional children  |
| Methodology of Teaching<br>Commerce A5 (H)  | CO1 | Obtain awareness on nature and scope of commerce and accountancy   |
|   | CO2 | Understand the aims, objectives and values of teaching commerce and accountancy  |
|   | CO3 | Plan and prepare lessons and teaching aids for teaching commerce   |
|   | CO4 | Understand various methods and techniques of teaching commerce and its application to children with learning difficulties        |
|   | CO5 | Develop skills in preparation and use of appropriate instructional aids in teaching commerce                                     |
| Methodology of Teaching Hindi A5 (I)  | CO1 | Acquire knowledge about the role, status, objectives and problems of teaching Hindi as a second language in India                |
|   | CO2 | Understand the nature and resources of language and issues related to language acquisition, variation and change                 |
|   | CO3 | Enrich the knowledge of Hindi vocabulary, structures, grammar and usage and to develop the ability to teach them                 |
|   | CO4 | Know, compare and analyse various methods and approaches of teaching Hindi as a second language                                  |
|   | CO5 | Improvise and use appropriate aids for teaching Hindi  |
|   | CO6 | Use various techniques for the evaluation of learner's achievement in Hindi  |
|   | CO7 | Identify and analyze errors and plan and execute remedial instruction  |
|   | CO8 | Use various techniques for the evaluation of learner's achievement in Hindi  |
| Methodology of Transition<br>of Persons with Mental<br>Retardation from School to<br>Work A5 A5 (J) | CO1 | Define the term transition and explain various stages of Individualized Vocational Transition Plan                               |
|   | CO2 | Identify generic/work readiness skills and conduct job<br>survey and prepare job analysis for persons with<br>mental retardation |
|   | CO3 | Explain approaches to vocational assessment, select tools and conduct vocational Assessment                                      |
|   | CO4 | Describe various types of employment and related activities to train and place the persons with mental retardation.              |
|   | CO5 | Introduce the adult related needs such as sex education, self advocacy and recreation  |

|  |     | <del>-</del>  |
|--|-----|---|
|  | CO1 | Name the different types of sensory impairments and its prevalence and describe the process of hearing & implications of various types of hearing loss.                             |
|  | CO2 | Explain the issues & ways to address challenges in educating students with hearing loss.  |
| Introductionto SensoryDisabilities 1BB1    | CO3 | Describe nature, characteristics & assessment of students with low vision & visual impairment.  |
| IDDI                                       | CO4 | Suggest educational placement and curricular strategies for students with low vision& visual impairment.  |
|  | CO5 | Explicate the impact of deaf-blindness & practices for functional development   |
|  | CO1 | Discuss the characteristics and types of learning disability.   |
|  | CO2 | Describe the tools, areas of assessment and apply intervention strategies to enhance learning.  |
| Introduction to Neuro Developmental        | CO3 | Explain the characteristics and types of Intellectual disability.   |
| Disabilities 1BB2                          | CO4 | Describe the tools, areas of assessment and prepare<br>and apply intervention strategies for independent<br>living.   |
|  | CO5 | Explain the characteristics and types of Autism Spectrum Disorder.  |
|  | CO6 | Describe the tools, areas of assessment and apply intervention strategies.  |
|  | CO1 | Identify the persons with Locomotor disabilities such as Cerebral Palsy, Amputees, Polio, Leprosy cured, Muscular dystrophies, Neural and spinal defects and Multiple disabilities. |
| Introduction to                            | CO2 | Plan an effective programme for creating awareness about the persons with   |
| Locomotor and                              | CO3 | Locomotor disabilities and Multiple disabilities.   |
| Multiple Disabilities<br>1BB3              | CO4 | Plan an effective therapeutic and programme for<br>the persons with Locomotor disabilities and<br>Multiple disabilities and to refer for medical<br>intervention if necessary.      |
|  | CO5 | Plan an effective educational programme and functional activities for the persons with Locomotor disabilities and Multiple disabilities.  |
| Early Childhood Care And Education 3BB4(A) | CO1 | Explain the biological & sociological foundations of early childhood education.   |
|  | CO2 | Describe the developmental systems approach and role responsibilities of interdisciplinary teams for early education of children with disabilities.                                 |
|  | CO3 | Enumerate the inclusive early education pedagogical practices.  |
| Application of ICT in Classroom            | CO1 | Gauge the varying dimensions in respect of ICT and Applications in Special Education.   |

| 3BB4(B)   | CO2 | Delineate the special roles of ICT Applications.  |
|---|-----|---|
|   | СОЗ | Acquire Familiarity with Different Modes of Computer-Based Learning.  |
| _   | CO1 | Describe the nature and scope of O&M as also the O&M related responsibilities of the special teacher.           |
| Orientation and   | CO2 | Acquire basic knowledge of human guide techniques.  |
| Mobility  | CO3 | Describe pre-cane and cane travel skills and devices.   |
| 3BB5 (A)  | CO4 | Get acquainted with the importance and skills of training in independent living for the visually                |
|   | 001 | impaired.   |
|   | CO1 | Discuss the two manual options with reference to Indian special schools.  |
| Communication Options: Manual (Indian Sign  | CO2 | Discuss the relevant issues like literacy, inclusion and training with reference to manual options.             |
| Language)<br>3BB5 (B)   | CO3 | Describe manual options in the light of issues like language, culture and identify.                             |
|   | CO4 | Exhibit beginner level hands on skills in using manual options.   |
|   | CO5 | Motivate self to learn and practice more skills leading to linguistic adequacy and fluency.                     |
|   | CO1 | Develop an understanding of vocational education & its relevance for PWD's.                                     |
| VocationalRehabilitation & Transition to Job                                      | CO2 | Carry out vocational assessment and make vocational training plan.  |
| Placement   | CO3 | Plan for transition from School to job.   |
| 3BB5 (C)  | CO4 | Identify various avenues for job placement.   |
|   | CO5 | Facilitate PWD's in making choice of vocational trades.   |
|   | CO1 | Explain Inclusion and the progression from segregation to inclusion   |
|   | CO2 | Appreciate diversity in an inclusive class  |
|   | СОЗ | Describe key nation and international policies and frameworks facilitating inclusive education                  |
| Inclusive Education   | CO4 | Enumerate skills in adapting instructional strategies for teaching in mainstream classrooms                     |
| 4BB6  | CO5 | Describe inclusive pedagogical practices and its relation to good teaching                                      |
| Assessment and Identification of Needs of Individuals with Mental Retardation1BC1 | CO6 | Describe strategies for collaborative working and stakeholder support in implementing inclusive education       |
|   | CO7 | Explain the role of society in general for successful inclusion   |
|   | CO1 | Comprehend historical perspective, nature and needs and characteristics of persons with Intellectual Disability |
|   | CO2 | Understand various procedures, areas and approaches of assessment and their relevance                           |

|  | CO3 | Gain insight into importance of assessment at Pre<br>School and school level and become familiar with<br>development and adaptive behavioural assessment<br>and assessment tools at preschool level |
|--|-----|---|
|  | CO4 | Get familiarized with the assessment tools for independent living, provisions   |
|  | CO5 | Understand the schemes for vocational skills development and implication of assessment  |
|  | CO6 | Develop understanding about significance of different types of family needs their assessment and implications for extending support to their families, demonstration                                |
|  | CO1 | Understand the nature of curriculum, principles and steps of curriculum designing, domains and curriculum evaluation  |
|  | CO2 | Develop insight into importance of early childhood special education, its domains and school readiness programme and their implications.  |
| Curriculum Designing,<br>Adaptation and Evaluation<br>for Individuals with   | CO3 | Acquire about curriculum domains at secondary, prevocational and vocational level and understand its implications   |
| MR/ID<br>2BC2  | CO4 | Understand different strategies for curriculum adaptation, accommodation, modification and their significance.  |
|  | CO5 | Write down the significance of evaluation of the curriculum taught  |
|  | CO6 | Explain evaluation and make effective use of different techniques   |
| Application of Assistive<br>Technology for<br>Individuals with MR/ID<br>3BC3 | CO1 | Comprehend role of technology in educating children with ID and acquire knowledge about its various approaches and modes  |
|  | CO2 | Understand nature of ICT, its basis, development and use  |
|  | СОЗ | Use computer programme and software for the benefit of children with ID   |
|  | CO4 | DevelopskillsandcompetenciesinuseofPunarjaniandC-DACandintegrate technology for instructions and inclusion  |

|   | CO5 | Apply technology for developing lesson plan and adapted assistive devices   |
|---|-----|---|
|   | CO1 | Understand, plan and use interventional techniques appropriately and demonstrate  |
|   | CO2 | Realize the importance of developing IEP, acquire the required competencies for its development, implementation and evaluation                                      |
| Intervention and Teaching                                       | CO3 | Understand basic of learning and teaching   |
| Strategies for Individuals<br>with MR/ID                        | CO4 | Demonstrate appropriate teaching strategies for teaching in different curriculum areas  |
| 4BC4  | CO5 | Understand nature and identification maladaptive behaviour and learn various modes of its management.   |
|   | CO6 | Develop understanding of various therapeutics interventions, their objectives, scope, modalities, and require intervention  |
|   | CO1 | Realise importance and role of family in rehabilitation of children with ID   |
|   | CO2 | Develop insight into various Psycho-social issues and<br>their impact on rehabilitation on PwID, misconception<br>and social practices and develop based approach   |
| Psycho Social and Family<br>Issues of Individuals with<br>MR/ID | CO3 | To realize importance of family involvement in rehabilitation process by forming parentsself help group and parent association                                      |
| 4BC5  | CO4 | Understand various Adolescent related issues and challenges their implication for rehabilitation of PwIDs and to explore probable employment opportunities for them |
|   | CO5 | Comprehend role of community and community participation and models, advantages / disadvantages of CBR programme for PwIDs  |
| Fundamental Concepts in   | CO1 | Describe the concept and relevance of research in education and special education.  |
| Educational Research & Statistics                               | CO2 | Develop an understanding of the research process and acquire competencies for conducting a research.  |
| 2BD1  | СОЗ | Apply suitable measures for data organization and analysis.   |
|   | CO1 | Reflect on student's own current level of literacy  |
| Reading and Reflecting on                                       | CO2 | Undertake practice in basic reading skills to become active readers   |
| Texts (EPC)<br>4BD2   | CO3 | Undertake practice in basic writing skills to become independent writers  |
|   | CO4 | Describe strategies to facilitate development of good reading skills among students   |

|   | CO5 | Describe strategies to facilitate development of good writing skills among students                      |
|---|-----|--|
|   | CO6 | Chooses to read books or write stories or poems as leisure time activity                                 |
| Drama and Art in<br>Education (EPC)<br>4BD3 | CO1 | Explain art appreciation, art expression and art education   |
|   | CO2 | Describe strategies for facilitating learning of various arts for students with and without disabilities |
|   | CO3 | Describe adaptive strategies of artistic expression  |
|   | CO4 | Explain how art can enhance learning   |

### Faculty of Disability Management and Special Education (FDMSE)

## Ramakrishna Mission Vivekananda Educational and Research Institute (RKMVERI) Coimbatore Campus

### Programme Outcomes M.Ed Special Education

### Programme Outcomes Programme: Masters in Special Education (M.Ed Special Education)

- PO1.Teaching knowledge: Apply the knowledge of teaching skills in special, integrated and inclusive educational settings as well as in higher educational institutions.
- PO2. Problem Solving: Develop problem solving skills, analytical and critical thinking skills required to be a good problem solver.
- PO3. Leadership: Apply leadership skills in advocating and meeting educational needs of children with disabilities in various settings.
- PO4.Design/development of solutions: Design solutions to address the unique individual challenges of diverse learners by preparing adapted and modified teaching learning materials and equipments by applying the principles of research.
- PO5.Conduct projects on emerging issues: Carry out projects / investigations / action research to address developing issues in the field of special education and contribute innovative teaching techniques and strategies.
- PO6.Assistive technology usage: Select, assess and apply appropriate assistive technological devices and customize the services considering the individual limitations.
- PO7. The teacher and society: Apply leadership skills in advocating and meeting educational needs of children with disabilities in various social settings.
- PO8.Environment and sustainability: Apply professional knowledge and skill for the sustainable development of the society.
- PO9. Ethics: Imbibe values required for personal and national development.
- PO10.Individual and collaborative work: Learn and apply skills pertaining to individual and collaborative work.
- PO11.Communication: Acquire effective communication skills for conducive classroom interaction and work environment.
- PO12.Life-long learning: Understand and apply skills to update knowledge throughout life.

# Programme Specific Outcomes M.Ed – Special Education (Visual Impairment)

#### Programme: Masters in Special Education (Visual Impairment) M.Ed Special Education (Visual Impairment)

- PSO1. Understand the nature and basic concepts of core subjects like Developments in Special Education, Research Methodology and Statistics, Psychology of Development and Learning, Curriculum Design & Development, Inclusive Education, Perspectives in Teacher Education and Educational Evaluation.
- PSO2. Build theoretical knowledge and skills in research methodologies and conducting research in order to enhance inclusive education for children with disabilities.
- PSO3. Identify and analyse critically the emerging challenges in the society and create solutions using structured method.
- PSO4. Identify the existing problems pertaining to special education and disability management and initiate appropriate measures to solve them.
- PSO5.Develop leadership abilities that help them to learn to collaborate and communicate while working in team projects.
- PSO6. Equip with the leadership qualities such as decision making skills, communication and delegation skills that are required while working as teacher educators/administrators.
- PSO7. Develop specialized capacity for leadership in designing and implementing curriculum by applying universal design.
- PSO8. Use their research aptitude in planning, developing and adaptating the curriculum, teaching strategies and materials based on the individualized needs of children with visual impairment.
- PSO9. Apply innovative methods to teach the expanded core curricular skills such as compensatory academic skills (Braille, use of mathematical devices such as Abacus, Taylor frame etc...), Orientation and Mobility, Sensory Training and Daily Living Skills for children with visual impairment.
- PSO10. Grasping the concept of project phases such as initiation, planning, execution, and closure and systematically apply in the research work.
- PSO11. Acquire mastery over skills to assess and apply the current technological devices and services for individuals with visual impairment and customize based on their unique needs.
- PSO12.Acquire 21<sup>st</sup> century teaching skills to encounter the real time challenges of diverse learners in the classroom as well as in the society.
- PSO13.Understand the impact of the solution evolved from teaching profession in societal and environmental contexts, demonstrate the knowledge, and need for sustainable development.
- PSO14. Apply ethical principles to carry out research which promotes moral and social values, such as social responsibility and human rights.
- PSO15. Acquire skills to work effectively as an individual/leader in interdisciplinary, transdisciplinary and multidisciplinary settings as well as in higher educational institutions to enhance productive working relationships.

PSO16. Learn to communicate effectively and efficiently to transact the curricular content, prepare research proposals/reports and convey appropriate and suitable suggestions for their professional development.

PSO17. Realize the need for life-long learning and update their knowledge continuously on emerging developments in the respective fields through various sources including online.

# Course Outcomes M.Ed – Special Education (Visual Impairment)

### Course Outcomes Programme: Masters in Special Education (Visual Impairment) M.Ed Special Education (VI)

| Title of the Course             | No. | Course Outcomes   |
|---------------------------------|-----|---|
| Developments in                 | CO1 | Explain the developments of general and special education in India  |
|                                 | CO2 | Explain implications of recommendations of various committees and commissions for educational developments in India   |
| Education and Special Education | CO3 | Describe the issues in the present day educational system   |
| 1MA1                            | CO4 | Describe the challenges in the present day educational system   |
|                                 | CO5 | Describe the important quality related issues which need<br>to be considered for revision/development of new<br>education policy  |
|                                 | CO1 | Explain the concept and need for research   |
|                                 | CO2 | Enumerate the ethical research practices  |
| Research                        | CO3 | Explain the types of research   |
| Methodology and                 | CO4 | Describe the methods and processes of research  |
| Statistics<br>1MA2              | CO5 | Describe the application of statistical techniques for analysis of data   |
|                                 | CO6 | Explain the methods and techniques of qualitative research  |
|                                 | CO7 | Write a research proposal and a research report   |
|                                 | CO1 | Explain the psychological principles and their application in specific context of education and special education.  |
| Psychology of                   | CO2 | Explain the principles and their implication for growth and development.  |
| Development and Learning        | CO3 | Critically analyse the process from the point of view of cognitive psychology.  |
| 2MA3                            | CO4 | Explain role of motivation in learning, learning processes and theories of personality.   |
|                                 | CO5 | Apply psychological aspects to teaching - learning situations.  |
| Curriculum Design &             | CO1 | Define and identify different components of curriculum.   |
| Development 2MA4                | CO2 | Understand and analyse various approaches to curriculum development.  |
|                                 | CO3 | Explain and demonstrate curriculum differentiation.   |
|                                 | CO1 | Explain the philosophical, sociological and rights perspective of inclusive education.  |
| Inclusive Education 2MA5        | CO2 | Develop skills in using a wide range of tools, instructional strategies, and social supports to assist students with disabilities learn effectively.  |
|                                 | CO3 | Develop the skills associated with inter-personal relationships, managing relations in educational settings, problem-solving in educational settings, leadership and working in teams to promote inclusion. |

|   | CO1 | Explain development of teacher education with  |
|---|-----|--|
| -   |     | reference to education of children with disabilities  Describe issues and problems related to teacher                    |
|   | CO2 | preparation for education of children with disabilities  |
| Perspectives in Teacher Education –                           | CO3 | Enumerate the different organizations working to prepare teachers for children with disabilities                         |
| In-service and Preservice                                     | CO4 | Explain the responsibilities of these organizations and critically examine them  |
| 3MA6  | CO5 | Describe the importance of in-service programmes   |
|   | CO6 | Demonstrate planning and execution of in-service programme as per specific need and purpose                              |
|   | CO7 | Appraise the existing teacher education curriculum and its relevance, issues and challenges                              |
|   | CO1 | Explain the key concepts of evaluation   |
|   | CO2 | Describe the developments in evaluation  |
| Educational –   | CO3 | Describe the scope of evaluation in education  |
| Evaluation  SMA7  | CO4 | Explain the use of evaluation as an effective tool in teaching-learning process  |
|   | CO5 | Describe the ways and means of evaluation of programmes  |
|   | CO6 | Explain the current trends in evaluation   |
|   | CO1 | Trace the historical development of visual impairment and discuss the attitudinal change of society over time.           |
| Identification, Assessment and                                | CO2 | Describe the causes and implications of different eye disorders.   |
| Needs of Individuals with                                     | CO3 | Critically examine the needs arising at different stages of persons with visual impairment.                              |
| Visual Impairment<br>1MB1                                     | CO4 | Develop skills to identify and assess children with blindness, low vision, and children with VIMD.                       |
|   | CO5 | Develop skills to plan and implement vision efficiency training for children with low vision.                            |
|   | CO1 | Appreciate the importance of various basis to curriculum development.  |
| Curriculum And<br>Teaching Strategies<br>for Individuals with | CO2 | Develop an expanded core curriculum for children with visual impairment on the basis of situational analysis.            |
|   | CO3 | Adapt the school curriculum keeping in mind the principles of curriculum adaptation in different curricular skill areas. |
| Visual Impairment<br>1MB2                                     | CO4 | Demonstrate appropriate teaching strategy in teaching reading, writing, and math   |
|   | CO5 | Critically examine approaches to curriculum development for VIAD   |

| Application of Advanced Technology and Individuals with | CO1 | Explain the relevance of technology for persons with visual impairment.   |
|---|-----|---|
|   | CO2 | Illustrate various devices to facilitate the education of persons with visual impairment.                             |
|   | CO3 | Describe various technological devices for promoting quality of life of persons with visual impairment.               |
| Visual Impairment 2MB3                                  | CO4 | Critically analyse suitability/ appropriateness for various technological devices for persons with visual impairment. |
|   | CO5 | Discuss various trends in research on technology for persons with visual impairment                                   |
|   | CO1 | Understand the challenges that are often associated with a family of a person with visual impairment                  |
|   | CO2 | Analyze the role of family as a support system from birth to adulthood.   |
| Adulthood and Family Issues of Individuals              | CO3 | Discuss the concerns of the family of a person with visual impairment.  |
| with Visual<br>Impairment                               | CO4 | Meet the challenges faced at different stages of transition of a person with visual impairment.                       |
| 3MB4  | CO5 | Develop the skills to prepare an Individualized Transition Plan (ITP) and Individualized Family Support Plan (IFSP).  |
|   | Co6 | Develop a critical understanding of schemes for equal opportunities   |
|   | CO1 | Explain the basic fundamental areas of management.  |
|   | CO2 | Describe the skills required for enhancing institutional quality for sustained development.                           |
| Educational Management                                  | CO3 | Enumerate the skills required for capacity building of human resources.   |
| 3MC1  | CO4 | Explain the skills needed to manage data for various information management processes.                                |
|   | CO5 | Prepare cost effective budgets, proposals and describe ways of managing financial resources                           |
|   | CO1 | Discuss roles of Educational Technologists in various contexts.   |
| _, ,  | CO2 | Apply appropriate instructional strategies.   |
| Educational   | CO3 | Develop appropriate instructional media.  |
| Technology<br>3M C2                                     | CO4 | Integrate suitable ICT effectively in teaching-learning-evaluation.   |
|   | CO5 | Suggest suitable modality of instruction (Online, Blended, etc.).   |
|   | CO1 | State the basic concepts in Guidance & Counseling.  |
| Guidance and Counseling 3M C3                           | CO2 | Discuss Educational, Vocational and Personal Guidance.  |
|   | CO3 | Describe testing devices and non-testing techniques of guidance.  |
|   | CO4 | Analyze the problems faced by students in the contemporary world.   |
|   | CO5 | Discuss the problems faced by children with disabilities.   |

# Programme Specific Outcomes M.Ed – Special Education (Hearing Impairment)

#### **Programme: Masters in Special Education (Hearing Impairment)**

- PSO1. Understand the nature and basic concepts of core subjects like Developments in Special Education, Research Methodology and Statistics, Psychology of Development and Learning, Curriculum Design & Development, Inclusive Education, Perspectives in Teacher Education and Educational Evaluation.
- PSO2. Build theoretical knowledge and skills in research methodologies and conducting research in order to enhance inclusive education for children with disabilities.
- PSO3. Identify and analyse critically the emerging challenges in the society and create solutions using structured method.
- PSO4. Identify the existing problems pertaining to special education and disability management and initiate appropriate measures to solve them.
- PSO5.Develop leadership abilities that help them to learn to collaborate and communicate while working in team projects.
- PSO6. Equip with the leadership qualities such as decision making skills, communication and delegation skills that are required while working as teacher educators/ administrators.
- PSO7. Develop specialized capacity for leadership in designing and implementing curriculum by applying universal design.
- PSO8. Use their research aptitude in planning, developing and adaptating the curriculum, teaching strategies and materials based on the individualized needs of children with hearing impairment.
- PSO9. Grasping the concept of project phases such as initiation, planning, execution, and closure and systematically apply in the research work.
- PSO10. Acquire mastery over skills to assess and apply the current technological devices and services for individuals with hearing impairment and customize based on their unique needs.
- PSO11.Acquire 21st century teaching skills to encounter the real time challenges of diverse learners in the classroom as well as in the society.
- PSO12.Understand the impact of the solution evolved from teaching profession in societal and environmental contexts, demonstrate the knowledge, and need for sustainable development.
- PSO13. Apply ethical principles to carry out research which promotes moral and social values, such as social responsibility and human rights.
- PSO15. Acquire skills to work effectively as an individual/leader in interdisciplinary, transdisciplinary and multidisciplinary settings as well as in higher educational institutions to enhance productive working relationships.
- PSO16. Learn to communicate effectively and efficiently to transact the curricular content, prepare research proposals/reports and convey appropriate and suitable suggestions for their professional development.
- PSO17. Realize the need for life-long learning and update their knowledge continuously on emerging developments in the respective fields through various sources including online.

|                                 | CO5 | Describe the important quality related issues which need<br>to be considered for revision/development of new<br>education policy  |
|                                 | CO1 | Explain the concept and need for research   |
|                                 | CO2 | Enumerate the ethical research practices  |
| Research                        | CO3 | Explain the types of research   |
| Methodology and                 | CO4 | Describe the methods and processes of research  |
| Statistics<br>1MA2              | CO5 | Describe the application of statistical techniques for analysis of data   |
|                                 | CO6 | Explain the methods and techniques of qualitative research  |
|                                 | CO7 | Write a research proposal and a research report   |
|                                 | CO1 | Explain the psychological principles and their application in specific context of education and special education.  |
| Psychology of                   | CO2 | Explain the principles and their implication for growth and development.  |
| Development and Learning 2MA3   | CO3 | Critically analyse the process from the point of view of cognitive psychology.  |
| ZIVIAS                          | CO4 | Explain role of motivation in learning, learning processes and theories of personality.   |
|                                 | CO5 | Apply psychological aspects to teaching - learning situations.  |
| Curriculum Design &             | CO1 | Define and identify different components of curriculum.   |
| Development 2MA4                | CO2 | Understand and analyse various approaches to curriculum development.  |
|                                 | CO3 | Explain and demonstrate curriculum differentiation.   |
|                                 | CO1 | Explain the philosophical, sociological and rights perspective of inclusive education.  |
| Inclusive Education 2MA5        | CO2 | Develop skills in using a wide range of tools, instructional strategies, and social supports to assist students with disabilities learn effectively.  |
|                                 | CO3 | Develop the skills associated with inter-personal relationships, managing relations in educational settings, problem-solving in educational settings, leadership and working in teams to promote inclusion. |

|  | CO1 | Explain development of teacher education with reference to education of children with disabilities                                   |
|--|-----|--|
|  | CO2 | Describe issues and problems related to teacher preparation for education of children with disabilities                              |
| Perspectives in Teacher Education –                | CO3 | Enumerate the different organizations working to prepare teachers for children with disabilities                                     |
| In-service and Preservice                          | CO4 | Explain the responsibilities of these organizations and critically examine them  |
| 3MA6   | CO5 | Describe the importance of in-service programmes   |
|  | CO6 | Demonstrate planning and execution of in-service programme as per specific need and purpose  |
|  | CO7 | Appraise the existing teacher education curriculum and its relevance, issues and challenges  |
|  | CO1 | Explain the key concepts of evaluation   |
|  | CO2 | Describe the developments in evaluation  |
| Educational  | CO3 | Describe the scope of evaluation in education  |
| Evaluation 3MA7                                    | CO4 | Explain the use of evaluation as an effective tool in teaching-learning process  |
|  | CO5 | Describe the ways and means of evaluation of programmes  |
|  | CO6 | Explain the current trends in evaluation   |
|  | CO1 | Explain Audiological evaluation and reflect its application in education of CWHI.  |
| Identification, Assessment and                     | CO2 | Explain the practices in educational assessment including the setting up of an educational assessment centre.                        |
| Needs of Individuals with                          | CO3 | Describe speech of children and reflect its use in evaluation of children with hearing impairment.                                   |
| Hearing Impairment 1MB1                            | CO4 | Explain various issues related to assessment of language and communication of CWHI   |
| -  | CO5 | Describe the importance of team approach and reflect on their role in assessment and identification of needs.                        |
|  | CO1 | Describe the curricular needs, framework and practices emerged out of the paradigm shift in education                                |
|  | CO2 | Explain the bases, types and strategies of curricular adaptations  |
| Curriculum And Teaching Strategies                 | CO3 | Understand the concept and strategies in differentiated instructions   |
| for Individuals with<br>Hearing Impairment<br>1MB2 | CO4 | Explain the processes and theories of literacy development   |
|  | CO5 | Explain the multiple literacy and their applications in curriculum   |
| Assistive Devices & Services for Individuals with  | CO1 | Describe the available schemes and reflect on status of services for individuals with hearing impairment and suggest ways to improve |
| Hearing Impairment 2MB3                            | CO2 | Understanding about individual and group listening devices used by CWHI in schools.  |

|  | CO3 | Discuss role of technology in facilitating communicative educational and social functioning of language                            |
|--|-----|--|
|  | CO4 | Understanding about use of assistive devices & methods in the management of CWHI in schools/ clinics.                              |
|  | CO5 | Explain the present and future technologies, research developments and evidence based practices facilitating the education of CWHI |
| Adulthood and Family Issues of Individuals | CO1 | Appreciate the importance of planning and implementing transition services for preparing adolescents towards adulthood.            |
| with Hearing<br>Impairment                 | CO2 | Explain strategies of developing independent living skills and preparing them for gainful employment.                              |
| 3MB4                                       | CO3 | Describe communication, cultural and family issues to reflect in planning of services.   |
|  | CO1 | Explain the basic fundamental areas of management.   |
|  | CO2 | Describe the skills required for enhancing institutional quality for sustained development.  |
| Educational Management                     | CO3 | Enumerate the skills required for capacity building of human resources.  |
| 3MC1                                       | CO4 | Explain the skills needed to manage data for various information management processes.   |
|  | CO5 | Prepare cost effective budgets, proposals and describe ways of managing financial resources  |
|  | CO1 | Discuss roles of Educational Technologists in various contexts.  |
|  | CO2 | Apply appropriate instructional strategies.  |
| Educational Technology                     | CO3 | Develop appropriate instructional media.   |
| 3M C2                                      | CO4 | Integrate suitable ICT effectively in teaching-learning-evaluation.  |
|  | CO5 | Suggest suitable modality of instruction (Online, Blended, etc.).  |
|  | CO1 | State the basic concepts in Guidance & Counseling.   |
|  | CO2 | Discuss Educational, Vocational and Personal Guidance.   |
| Guidance and<br>Counseling<br>3M C3        | CO3 | Describe testing devices and non-testing techniques of guidance.   |
|  | CO4 | Analyze the problems faced by students in the contemporary world.  |
|  | CO5 | Discuss the problems faced by children with disabilities.  |

## Programme Specific Outcomes M.Ed – Special Education (Mental Retardation)

#### **Programme: Masters in Special Education (Mental Retardation)**

- PSO1. Understand the nature and basic concepts of core subjects like Developments in Special Education, Research Methodology and Statistics, Psychology of Development and Learning, Curriculum Design & Development, Inclusive Education, Perspectives in Teacher Education and Educational Evaluation.
- PSO2. Build theoretical knowledge and skills in research methodologies and conducting research in order to enhance inclusive education for children with disabilities.
- PSO3. Identify and analyse critically the emerging challenges in the society and create solutions using structured method.
- PSO4. Identify the existing problems pertaining to special education and disability management and initiate appropriate measures to solve them.
- PSO5.Develop leadership abilities that help them to learn to collaborate and communicate while working in team projects.
- PSO6. Equip with the leadership qualities such as decesion making skills, communication and delegation skills that are required while working as teacher educators/administrators.
- PSO7. Develop specialized capacity for leadership in designing and implementing curriculum by applying universal design.
- PSO8. Use their research aptitude in planning, developing and adaptating the curriculum, teaching strategies and materials based on the individualized needs of children with mental retardation.
- PSO10. Acquire mastery over skills to assess and apply the current technological devices and services for children with mental retardation and customize based on their unique needs.
- PSO11.Acquire 21st century teaching skills to encounter the real time challenges of diverse learners in the classroom as well as in the society.
- PSO12.Understand the impact of the solution evolved from teaching profession in societal and environmental contexts, demonstrate the knowledge, and need for sustainable development.
- PSO13.Apply ethical principles to carry out research which promotes moral and social values, such as social responsibility and human rights.
- PSO15. Acquire skills to work effectively as an individual/leader in interdisciplinary, transdisciplinary and multidisciplinary settings as well as in higher educational institutions to enhance productive working relationships.
- PSO16. Learn to communicate effectively and efficiently to transact the curricular content, prepare research proposals/reports and convey appropriate and suitable suggestions for their professional development.
- PSO17. Realize the need for life-long learning and update their knowledge continuously on emerging developments in the respective fields through various sources including online.

# Course Outcomes M.Ed – Special Education (Mental Retardation)

### Course Outcomes Programme: Masters in Special Education (Mental Retardation)

| Title of the Course             | No. | Course Outcomes   |
|---------------------------------|-----|---|
| Developments in                 | CO1 | Explain the developments of general and special education in India  |
|                                 | CO2 | Explain implications of recommendations of various committees and commissions for educational developments in India   |
| Education and Special Education | CO3 | Describe the issues in the present day educational system   |
| 1MA1                            | CO4 | Describe the challenges in the present day educational system   |
|                                 | CO5 | Describe the important quality related issues which need<br>to be considered for revision/development of new<br>education policy  |
|                                 | CO1 | Explain the concept and need for research   |
|                                 | CO2 | Enumerate the ethical research practices  |
| Research                        | CO3 | Explain the types of research   |
| Methodology and                 | CO4 | Describe the methods and processes of research  |
| Statistics<br>1MA2              | CO5 | Describe the application of statistical techniques for analysis of data   |
|                                 | CO6 | Explain the methods and techniques of qualitative research  |
|                                 | CO7 | Write a research proposal and a research report   |
|                                 | CO1 | Explain the psychological principles and their application in specific context of education and special education.  |
| Psychology of                   | CO2 | Explain the principles and their implication for growth and development.  |
| Development and Learning 2MA3   | CO3 | Critically analyse the process from the point of view of cognitive psychology.  |
| ZIVIAS                          | CO4 | Explain role of motivation in learning, learning processes and theories of personality.   |
|                                 | CO5 | Apply psychological aspects to teaching - learning situations.  |
| Curriculum Design &             | CO1 | Define and identify different components of curriculum.   |
| Development 2MA4                | CO2 | Understand and analyse various approaches to curriculum development.  |
|                                 | CO3 | Explain and demonstrate curriculum differentiation.   |
|                                 | CO1 | Explain the philosophical, sociological and rights perspective of inclusive education.  |
| Inclusive Education 2MA5        | CO2 | Develop skills in using a wide range of tools, instructional strategies, and social supports to assist students with disabilities learn effectively.  |
|                                 | CO3 | Develop the skills associated with inter-personal relationships, managing relations in educational settings, problem-solving in educational settings, leadership and working in teams to promote inclusion. |

|   | CO1  | Explain development of teacher education with   |
|---|------|---|
| Perspectives in                                   |      | reference to education of children with disabilities  |
|   | CO2  | Describe issues and problems related to teacher preparation for education of children with disabilities |
|   | CO3  | Enumerate the different organizations working to prepare teachers for children with disabilities        |
| Teacher Education – In-service and Pre-           | CO4  | Explain the responsibilities of these organizations and critically examine them                         |
| service<br>3MA6                                   | CO5  | Describe the importance of in-service programmes  |
| _   | GO ( | Demonstrate planning and execution of in-service  |
|   | CO6  | programme as per specific need and purpose  |
|   | CO7  | Appraise the existing teacher education curriculum and its relevance, issues and challenges             |
|   | CO1  | Explain the key concepts of evaluation  |
|   | CO2  | Describe the developments in evaluation   |
|   | CO3  | Describe the scope of evaluation in education   |
| Educational Evaluation 3MA7                       | CO4  | Explain the use of evaluation as an effective tool in teaching-learning process                         |
| SIVIA /   | CO5  | Describe the ways and means of evaluation of programmes   |
|   | CO6  | Explain the current trends in evaluation  |
|   |      | Understand the concept, etiology and  |
| Identification,                                   | CO1  | characteristics of Persons with Intellectual  |
|   |      | Disability (PwID).  |
| Assessment and Needs of Individuals               | CO2  | Use appropriate instruments for assessment of PwID.   |
| with  Mental Retardation/                         | CO3  | Describe the programming needs across different age levels of PwID.                                     |
| Intellectual Disability 1MB1                      | CO4  | Utilize assessment information for educational programming, referral services and placement.            |
| _   | CO5  | Comprehend the emerging future needs of PwID.   |
|   | CO1  | Explain the principles and approaches to curriculum development and instructional program.              |
| Curriculum And                                    | CO2  | Describe the various approaches for teaching students with Intellectual Disability                      |
| Teaching Strategies for Individuals with          | CO3  | Develop Curriculum for Pre-Primary, Primary,  |
| Mental Retardation/ Intellectual Disability  1MB2 |      | Secondary, Pre- Vocational and Vocational Level Use Instructional Program and methods in Inclusive Set  |
|   | CO4  | ups   |
|   | CO5  | Use teaching strategies and TLMs for PwID   |
|   | CO1  | Gain knowledge about speech and language therapy  |
| Therapeutics and Assistive Devices for            | CO2  | Understand the meaning and interventions of physiotherapy   |
| Individuals with                                  | CO3  | Use occupational therapy for PwID   |
| Mental Retardation 2MB3                           | CO4  | Comprehend and apply behavioural techniques for interventions   |
|   | CO5  | Select and use appropriate assistive devices for PwID   |

| Adulthood and Family Issues of Individuals | CO1 | Develop understanding of stages of development in adulthood                                 |
|--|-----|---|
|  | CO2 | Appreciate importance of family attitude and involvement                                    |
| with Intellectual<br>Disability            | CO3 | Understand the Gender, marriage and sexuality related issues                                |
| 3MB4                                       | CO4 | Understand the disability issues related to community                                       |
|  | CO5 | Appreciate the importance of adulthood and family training                                  |
|  | CO1 | Explain the basic fundamental areas of management.  |
|  | CO2 | Describe the skills required for enhancing institutional quality for sustained development. |
| Educational<br>Management                  | CO3 | Enumerate the skills required for capacity building of human resources.                     |
| 3MC1                                       | CO4 | Explain the skills needed to manage data for various information management processes.      |
|  | CO5 | Prepare cost effective budgets, proposals and describe ways of managing financial resources |
|  | CO1 | Discuss roles of Educational Technologists in various contexts.                             |
| E dynastic mal                             | CO2 | Apply appropriate instructional strategies.   |
| Educational Technology                     | CO3 | Develop appropriate instructional media.  |
| 3M C2                                      | CO4 | Integrate suitable ICT effectively in teaching-learning-evaluation.                         |
|  | CO5 | Suggest suitable modality of instruction (Online, Blended, etc.).                           |
|  | CO1 | State the basic concepts in Guidance & Counseling.  |
| Guidance and Counseling 3M C3              | CO2 | Discuss Educational, Vocational and Personal Guidance.                                      |
|  | CO3 | Describe testing devices and non-testing techniques of guidance.                            |
|  | CO4 | Analyze the problems faced by students in the contemporary world.                           |
|  | CO5 | Discuss the problems faced by children with disabilities.                                   |

## Programme Specific Outcomes (Integrated B.EdM.Ed Special Education - Intellectual Disability)

### Programme Specific Outcomes Programme: Masters in Special Education Integrated B.EdM.Ed Special Education - Intellectual Disability

- PSO1. Understand the nature and basic concepts of core subjects like Developments in Special Education, Research Methodology and Statistics, Psychology of Development and Learning, Curriculum Design & Development, Inclusive Education, Perspectives in Teacher Education and Educational Evaluation.
- PSO2. Build theoretical knowledge and skills in research methodologies and conducting research in order to enhance inclusive education for children with disabilities.
- PSO3. Identify and analyse critically the emerging challenges in the society and create solutions using structured methods.
- PSO4. Identify the existing problems pertaining to special education and disability management and initiate appropriate measures to solve them.
- PSO5.Develop leadership abilities that help them to learn to collaborate and communicate while working in team projects.
- PSO6. Equip with the leadership qualities such as decision making skills, communication and delegation skills that are required while working as teacher educators/ administrators.
- PSO7. Develop specialized capacity for leadership in designing and implementing curriculum by applying universal design.
- PSO8. Understand the curriculum and teaching strategies for individuals with mental retardation.
- PSO9. Apply advanced technology for individuals with mental retardation.

# Course Outcomes (Integrated B.EdM.Ed Special Education - Intellectual Disability)

#### **Course Outcomes**

#### Programme: Masters in Special Education Integrated B.EdM.Ed Special Education - Intellectual Disability

After the completion of the course, the student trainees will be able to:

| Title of the Course                                      | No. | Course Outcomes   |
|--|-----|---|
|  | CO1 | Explain the process of development during infancy   |
| Psychology of Human                                      | CO2 | Explain the process of development during childhood   |
|  | CO3 | Explain the process of development during adolescence   |
| Growth and Development                                   | CO4 | Analyze the developmental variations among children.  |
| 1IA1   | CO5 | Describe adolescence as a period of transition and threshold of adulthood   |
|  | CO6 | Enumerate different factors affecting child development.  |
|  | CO1 | Explain the history, nature and process of education  |
|  | CO2 | Explain the philosophies and their contributions to education   |
| Development of Education                                 | CO3 | Describe the role of education in the modern context  |
| and Special Education                                    | CO4 | Explain the concept of diversity  |
| 1IA2   | CO5 | Enumerate the trends seen in contemporary Indian Education  |
|  | CO6 | Enumerate the issues and challenges faced by contemporary Indian Education in global context  |
|  | CO1 | Name the different types of sensory impairments and its prevalence and describe the process of hearing & implications of various types of hearing loss.                             |
| Introductionto   | CO2 | Explain the issues & ways to address challenges in educating students with hearing loss.  |
| SensoryDisabilities<br>1IB1                              | СОЗ | Describe nature, characteristics & assessment of students with low vision & visual impairment.  |
|  | CO4 | Suggest educational placement and curricular strategies for students with low vision& visual impairment.  |
|  | CO5 | Explicate the impact of deaf-blindness & practices for functional development   |
|  | CO1 | Discuss the characteristics and types of learning disability.   |
| Introduction to Neuro                                    | CO2 | Describe the tools, areas of assessment and apply intervention strategies to enhance learning.  |
| Developmental Disabilities                               | СОЗ | Explain the characteristics and types of Intellectual disability.   |
| 1IB2   | CO4 | Describe the tools, areas of assessment and prepare and apply intervention strategies for independent living.   |
|  | CO5 | Explain the characteristics and types of Autism Spectrum Disorder.  |
| Introduction to Locomotor and Multiple Disabilities 1IB3 | CO1 | Identify the persons with Locomotor disabilities such as Cerebral Palsy, Amputees, Polio, Leprosy cured, Muscular dystrophies, Neural and spinal defects and Multiple disabilities. |
|  | CO2 | Plan an effective programme for creating awareness about the persons with   |

|  | CO3 | Locomotor disabilities and Multiple disabilities.   |
|--|-----|---|
|  | CO4 | Plan an effective therapeutic and programme for the persons with Locomotor disabilities and Multiple disabilities and to refer for medical intervention if necessary.                               |
|  | CO5 | Plan an effective educational programme and functional activities for the persons with Locomotor disabilities and Multiple disabilities.  |
|  | CO1 | Comprehend historical perspective, nature and needs and characteristics of persons with Intellectual Disability   |
|  | CO2 | Understand various procedures, areas and approaches of assessment and their relevance   |
| Identification and Assessment of Children with Intellectual Disability   | CO3 | Gain insight into importance of assessment at Pre<br>School and school level and become familiar with<br>development and adaptive behavioural assessment<br>and assessment tools at preschool level |
| 1IC1   | CO4 | Get familiarized with the assessment tools for independent living, provisions   |
|  | CO5 | Understand the schemes for vocational skills development and implication of assessment  |
|  | CO6 | Develop understanding about significance of different<br>types of family needs their assessment and implications<br>for extending support to their families, demonstration                          |
|  | CO1 | Explain Inclusion and the progression from segregation to inclusion   |
|  | CO2 | Appreciate diversity in an inclusive class  |
|  | CO3 | Describe key nation and international policies and frameworks facilitating inclusive education  |
| Inclusive Education  | CO4 | Enumerate skills in adapting instructional strategies for teaching in mainstream classrooms   |
| 2IA3   | CO5 | Describe inclusive pedagogical practices and its relation to good teaching  |
|  | CO6 | Describe strategies for collaborative working and stakeholder support in implementing inclusive education   |
|  | CO7 | Explain the role of society in general for successful inclusion   |
|  | CO1 | Realize the rationale of learning Tamil language  |
| Pedagogy of School Subjects 2IA4 Methodology of Teaching Tamil – Paper I | CO2 | Explain the various methods of learning Tamil   |
|  | CO3 | Illustrate the techniques in teaching prose, poem, grammar and essay  |
|  | CO4 | Exemplify the fundamental skills of language  |
|  | CO5 | Comprehend the principles of curriculum development   |
| Pedagogy of School Subjects<br>2IA4                                      | CO1 | Explain the role of English language and mother tongue  |

| Methodology of Teaching<br>English                                      | CO2 | Acquire skills and methods of teaching prose and poetry  |
|---|-----|--|
|   | CO3 | Demonstrate the skills and methods of teaching vocabulary and composition  |
|   | CO4 | Comprehend the method of teaching the four-fold language skills  |
|   | CO5 | Distinguish various approaches and techniques of teaching English  |
|   | CO1 | Describe the history of mathematics and its value in day to day applications   |
|   | CO2 | Apply different methods and techniques in teaching mathematics effectively   |
| Pedagogy of School Subjects 2IA4 Methodology of Teaching                | СОЗ | Understand and identify influence of various psychological factors in learning   |
| Mathematics   | CO4 | Make out the individual differences in learning mathematics and to plan activities according to the needs of the students  |
|   | CO5 | Organize learning resources and apply them appropriately in everyday teaching  |
|   | CO1 | Understand the need and importance of teaching physical science in higher secondary level                                  |
| Pedagogy of School Subjects   | CO2 | Able to prepare a lesson plan and presenting them effectively in the classroom   |
| 2IA4 Methodology of Teaching  | CO3 | Identify and apply various teaching methods for teaching of physical science   |
| Physical Science  | CO4 | Develop theoretical and practical understanding of the<br>hardware and software relating to the technology of<br>teaching. |
|   | CO5 | Apply the evaluation techniques in the classroom   |
|   | CO1 | Understand the aims, objectives and challenges in teaching biology   |
| Pedagogy of School Subjects   | CO2 | Obtain various skills needed for class room instruction  |
| 2IA4  | CO3 | Identify and prepare various aids for teaching biology   |
| Methodology of Teaching<br>Biological Science                           | CO4 | Explain the techniques in preparing special aids for teaching biology  |
|   | CO5 | Acquire the knowledge on the content of biology syllabus for IX standard   |
|   | CO1 | Identify the need of teaching social science in school curriculum  |
| Pedagogy of School Subjects 2IA4 Methodology of Teaching Social Science | CO2 | Apply various instructional strategies in teaching social science  |
|   | CO3 | Express the need and types of teaching aids in social science  |
|   | CO4 | Develop skills in writing objectives, preparing lesson plan, unit plan and the need for developing micro teaching skills.  |

|   | CO5 | Comprehend the essential qualities and functions of a  |
|---|-----|--|
|   |     | teacher  |
|   | CO1 | Understand the Bloom's taxonomy of educational objectives  |
| Pedagogy of School Subjects   | CO2 | List out the objectives of teaching of computer science in schools   |
| 2IA4  |     | Apply the micro teaching skills during classroom   |
| Methodology of Teaching<br>Computer Science                           | CO3 | instruction & Point out the qualities of good computer   |
| Computer Science  |     | science text book  |
|   | CO4 | Comprehend the principles of curriculum development  |
|   | CO5 | Develop skills in constructing test and evaluation   |
|   | CO1 | Understand the origin and development of Tamil Language  |
| Pedagogy of Teaching  | CO2 | Identify the importance of language in curriculum and principles of poem   |
| Language – Tamil-II<br>2IA5   | CO3 | Comprehend the structure of sound in Tamil language  |
| ZIAJ  | CO4 | Explain the literary appreciation  |
|   | CO5 | Distinguish the importance and special features of Tamil Language  |
|   | CO1 | Employ various methods for teaching English language   |
|   | CO2 | Clarify the nature of classroom climate and teachers' behaviour  |
| Pedagogy of Teaching<br>Language English- II                          | CO3 | Identify the principles of selecting teaching aids and uses of audio visual aids   |
| 2IA5  | CO4 | Apply various technologies for teaching English language   |
|   | CO5 | Explain various strategies, techniques of testing and evaluation in English language   |
| Special Module- II<br>2IA5  | CO1 | Define the term transition and explain various stages of Individualized Vocational Transition Plan                                       |
|   | CO2 | Identify generic/work readiness skills and conduct job<br>survey and prepare job analysis for persons with mental<br>retardation         |
|   | CO3 | Explain approaches to vocational assessment, select tools and conduct vocational Assessment  |
|   | CO4 | Describe various types of employment and related activities to train and place the persons with mental retardation.                      |
|   | CO5 | Introduce the adult related needs such as sex education, self advocacy and recreation  |
| Curriculum Development and Evaluation of Intellectual Disability 2IC2 | CO1 | Understand the nature of curriculum, principles and steps of curriculum designing, domains and curriculum evaluation                     |
| 2102  | CO2 | Develop insight into importance of early childhood special education, its domains and school readiness programme and their implications. |
|   | СОЗ | Acquire about curriculum domains at secondary, prevocational and vocational level and understand its implications                        |
|   | CO4 | Understand different strategies for curriculum   |

|   |     | adaptation, accommodation, modification and their significance.   |
|---|-----|---|
|   | CO5 | Write down the significance of evaluation of the curriculum taught  |
|   | CO6 | Explain evaluation and make effective use of different techniques   |
|   | CO1 | Reflect on student's own current level of literacy  |
|   | CO2 | Undertake practice in basic reading skills to become active readers   |
| Dooding and Doffacting on                                 | CO3 | Undertake practice in basic writing skills to become independent writers  |
| Reading and Reflecting on<br>Texts<br>2ID1                | CO4 | Describe strategies to facilitate development of good reading skills among students   |
| 211/1   | CO5 | Describe strategies to facilitate development of good writing skills among students   |
|   | CO6 | Chooses to read books or write stories or poems as leisure time activity  |
|   | CO1 | Explain theories of learning and intelligence   |
|   | CO2 | Enumerate the applications of theories of learning and intelligence for teaching children   |
|   | CO3 | Describe the learning process   |
| Learning Teaching and                                     | CO4 | Describe the nature and theory of motivation  |
| Assessment  | CO5 | Explain stages of teaching and learning   |
| 3IA6  | CO6 | Describe the role of the teacher  |
|   | CO7 | Narrate experiences of the teaching learning process  |
|   | CO8 | Explain the scope and role of assessment in teaching learning process to introduce dynamic assessment scheme for educational set up towards enhanced learning |
|   | CO1 | Comprehend role of technology in educating children with ID and acquire knowledge about its various approaches and modes                                      |
|   | CO2 | Understand nature of ICT, its basis, development and use  |
| Technology and children with intellectual disability 3IC3 | CO3 | Use computer programme and software for the benefit of children with ID   |
|   | CO4 | DevelopskillsandcompetenciesinuseofPunarjaniandC-<br>DACandintegrate technology for instructions and<br>inclusion   |
|   | CO5 | Apply technology for developing lesson plan and adapted assistive devices   |
| Early Childhood Care And Education                        | CO1 | Explain the biological & sociological foundations of early childhood education.   |
| 3IB4 (A)  | CO2 | Describe the developmental systems approach and role responsibilities of interdisciplinary teams  |

|  |     | for early education of children with disabilities.   |
|--|-----|--|
|  | CO3 | Enumerate the inclusive early education pedagogical  |
|  |     | practices.   |
| Application of ICT in  | CO1 | Gauge the varying dimensions in respect of ICT and Applications in Special Education.  |
| Classroom  | CO2 | Delineate the special roles of ICT Applications.   |
| 3IB4 (B)   | CO3 | Acquire Familiarity with Different Modes of Computer-Based Learning.   |
|  | CO1 | Describe the nature and scope of O&M as also the O&M related responsibilities of the special teacher.                          |
| Orientation and Mobility   | CO2 | Acquire basic knowledge of human guide techniques.   |
| 3IB5 (A)   | CO3 | Describe pre-cane and cane travel skills and devices.  |
|  | CO4 | Get acquainted with the importance and skills of training in independent living for the visually impaired.                     |
|  | CO1 | Discuss the two manual options with reference to Indian special schools.   |
| Communication Options: Manual (Indian Sign                                 | CO2 | Discuss the relevant issues like literacy, inclusion and training with reference to manual options.                            |
| Language)<br>3IB5 (B)  | CO3 | Describe manual options in the light of issues like language, culture and identify.  |
|  | CO4 | Exhibit beginner level hands on skills in using manual options.  |
|  | CO5 | Motivate self to learn and practice more skills leading to linguistic adequacy and fluency.                                    |
|  | CO1 | Develop an understanding of vocational education & its relevance for PWD's.  |
| VocationalRehabilitation &   | CO2 | Carry out vocational assessment and make vocational training plan.   |
| Transition to Job Placement  | CO3 | Plan for transition from School to job.  |
| 3IB5 (C)   | CO4 | Identify various avenues for job placement.  |
|  | CO5 | Facilitate PWD's in making choice of vocational trades.  |
|  | CO1 | Explain Inclusion and the progression from segregation to inclusion  |
|  | CO2 | Appreciate diversity in an inclusive class   |
|  | CO3 | Describe key nation and international policies and frameworks facilitating inclusive education                                 |
| Research methodology and   | CO4 | Enumerate skills in adapting instructional strategies for teaching in mainstream classrooms                                    |
| statistics<br>4IA7   | CO5 | Describe inclusive pedagogical practices and its relation to good teaching   |
|  | CO6 | Describe strategies for collaborative working and stakeholder support in implementing inclusive education                      |
|  | CO7 | Explain the role of society in general for successful inclusion  |
| Educational intervention and teaching strategies for children with ID 4IC4 | CO1 | Understand, plan and use interventional techniques appropriately and demonstrate   |
|  | CO2 | Realize the importance of developing IEP, acquire the required competencies for its development, implementation and evaluation |

|  | CO3 | Understand basic of learning and teaching   |
|--|-----|---|
|  | CO4 | Demonstrate appropriate teaching strategies for teaching in different curriculum areas  |
|  | CO5 | Understand nature and identification maladaptive behaviour and learn various modes of its management.   |
|  |     | Develop understanding of various therapeutics   |
|  | CO6 | interventions, their objectives, scope, modalities, and require intervention  |
| Adulthood and family issue   |     | •   |
| Adulthood and family issues of students with intellectual disability |     | CO1 Develop understanding of stages of development in adulthood   |
| 4IC5   |     | CO2 Appreciate importance of family attitude and involvement  |
|  |     | CO3 Understand the Gender, marriage and sexuality related issues.   |
|  |     | CO4 Understand the disability issues related to community   |
|  |     | CO5 Appreciate the importance of adulthood and family training  |
|  | CO1 | Realise importance and role of family in rehabilitation of children with ID   |
|  | CO2 | Develop insight into various Psycho-social issues and<br>their impact on rehabilitation on PwID, misconception<br>and social practices and develop based approach   |
| Psycho social and family issues for ID                               | CO3 | To realize importance of family involvement in rehabilitation process by forming parents self help group and parent association                                     |
| 4IC6   | CO4 | Understand various Adolescent related issues and challenges their implication for rehabilitation of PwIDs and to explore probable employment opportunities for them |
|  | CO5 | Comprehend role of community and community participation and models, advantages / disadvantages of CBR programme for PwIDs  |
| Drama and Art in Education<br>(EPC)<br>4BD3                          | CO1 | Explain art appreciation, art expression and art education  |
|  | CO2 | Describe strategies for facilitating learning of various arts for students with and without disabilities  |
|  | CO3 | Describe adaptive strategies of artistic expression   |

|                            | CO4   | Explain how art can enhance learning  |
|----------------------------|-------|---|
|                            | CO1   | Explain the key concepts of evaluation  |
|                            | CO2   | Describe the developments in evaluation   |
|                            | CO3   | Describe the scope of evaluation in education   |
| Educational evaluation     |       | Explain the use of evaluation as an effective tool in                                       |
| 5IA8                       | CO4   | teaching-learning process   |
|                            | GO.5  | Describe the ways and means of evaluation of  |
|                            | CO5   | Programmes  |
|                            | CO6   | Explain the current trends in evaluation  |
|                            | CO1   | Gain knowledge about speech and language therapy  |
| Therapeutics and assistive | G 0 4 | Understand the meaning and interventions of   |
| devices for children with  | CO2   | physiotherapy   |
| intellectual disability    | CO3   | Use occupational therapy for PwID   |
| 5IC7                       |       | Comprehend and apply behavioural techniques for   |
|                            | CO4   | interventions   |
|                            | CO5   | Select and use appropriate assistive devices for PwID                                       |
|                            | CO1   | Explain the basic fundamental areas of management.  |
|                            | CO2   | Describe the skills required for enhancing institutional quality for sustained development. |
|                            | CO3   | Enumerate the skills required for capacity building of                                      |
| Educational management     |       | human resources   |
| 5IJA                       | CO4   | Explain the skills needed to manage data for  |
|                            |       | various information management processes  |
|                            | CO5   | Prepare cost effective budgets, proposals and describe                                      |
|                            | COS   | ways of managing financial resources  |
|                            | CO1   | Discuss roles of Educational Technologists in various                                       |
|                            |       | contexts.   |
|                            | CO2   | Apply appropriate instructional strategies.   |
| Educational technology     | CO3   | Develop appropriate instructional media.  |
| 5IJB                       | CO4   | Integrate suitable ICT effectively in teaching-learning-                                    |
|                            |       | evaluation.   |
|                            | CO5   | Suggest suitable modality of instruction (Online,   |
|                            |       | Blended, etc.).   |
|                            | CO1   | State the basic concepts in Guidance & Counseling.  |
|                            | CO2   | Discuss Educational, Vocational and Personal  |
|                            |       | Guidance.   |
| Guidance and counseling    | CO3   | Describe testing devices and non-testing techniques of                                      |
| 5IJC                       |       | guidance.   |
|                            | CO4   | Analyze the problems faced by students in the   |
|                            |       | contemporary world  |
|                            | CO5   | Discuss the problems faced by children with   |
|                            |       | disabilities.   |

### Faculty of Disability Management and Special Education (FDMSE)

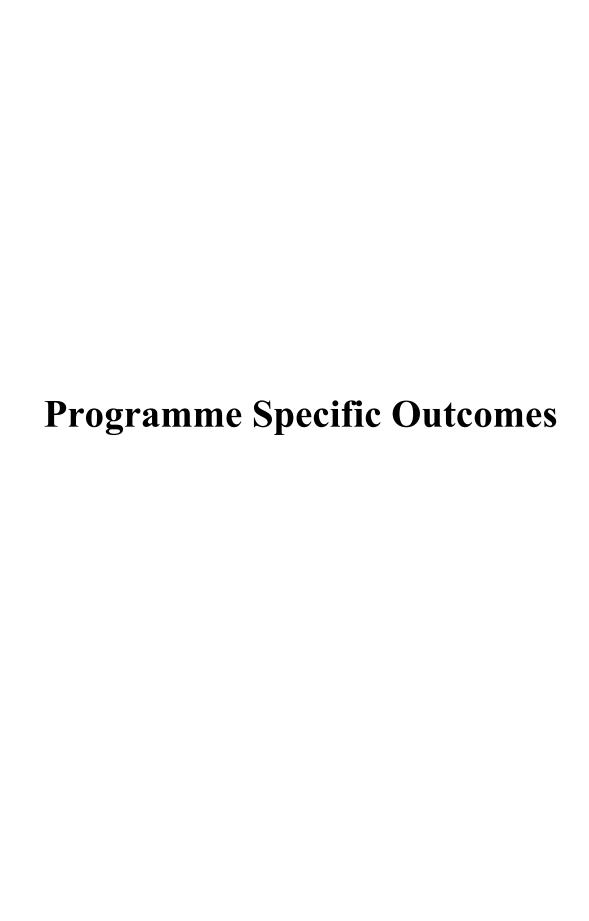

## Ramakrishna Mission Vivekananda Educational and Research Institute (RKMVERI) Coimbatore Campus

### Programme Outcomes Ph.D in Special Education

#### Programme: Integrated M.PhilPh.D in Special Education

(Visual Impairment/ Hearing Impairment/ Mental Retardation)

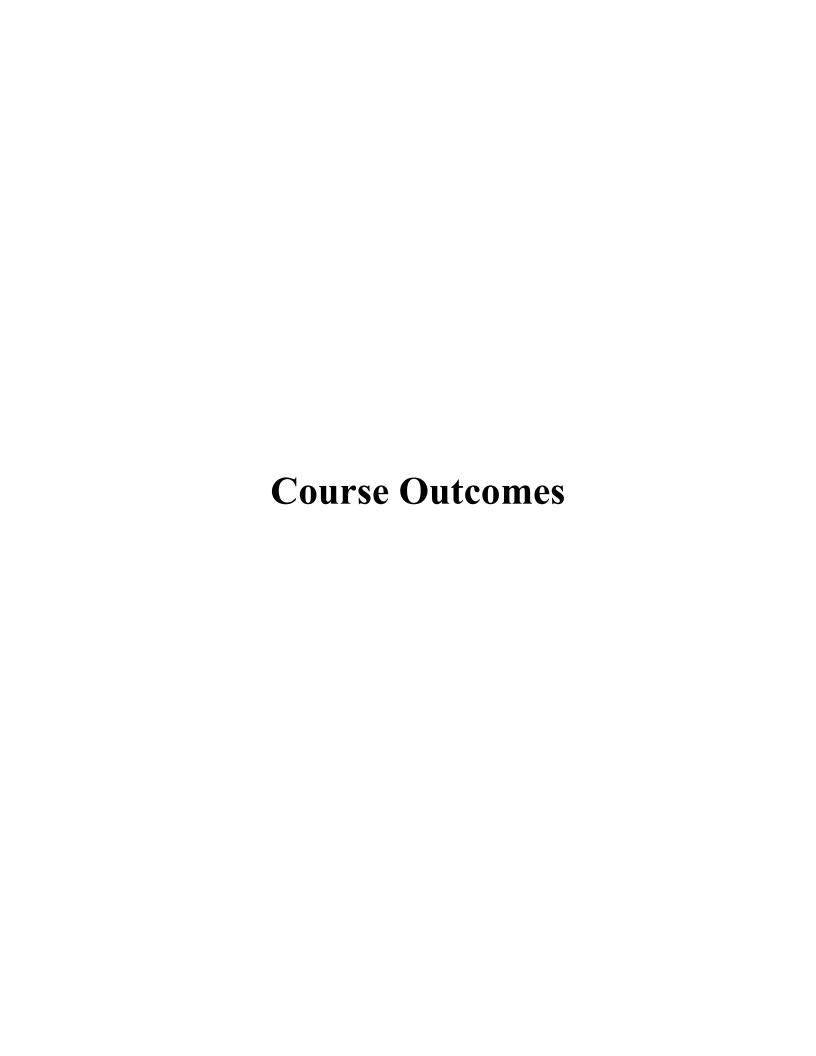

- PO1. Knowledge: Gain a thorough knowledge of the literature and a comprehensive understanding of scientific methods and techniques applicable to their own research
- PO2. Application: Be able to demonstrate originality in the application of knowledgewith a practical understanding of how research and enquiry are used to create and interpret knowledge in their respective specialization areas.
- PO3. Critical Evaluation: Developthe ability to critically evaluate current research and research techniques and methodologies.
- PO4. Problem Solving: Be able to have self-direction and originality in tackling and solving problems.
- PO5. Researching skills: Be able to act autonomously in the planning and implementation of research and gainoral presentation and scientific writing skills.
- PO6.Leadership: Apply leadership skills in advocating and meeting educational needs of children with disabilities in various settings.
- PO7. Ethics: Able to identify areas where ethical issues may arise in their work or discipline, and articulate strategies for dealing with ethical issues in the profession.

#### **Programme Specific Outcomes**

#### **Programme: Integrated M.PhilPh.D in Special Education**(Visual Impairment/ Hearing Impairment/ Mental Retardation)

- PSO1. Able to summarize major themes and current research problems in their area of specialization.
- PSO2. Able to communicate the major tenets of their field and their work orally and in writing for students, peers and the lay public.
- PSO3. Identify problems and areas needing development in their respective specialization areas.
- PSO4.Build theoretical knowledge and skills in research methodologies and conducting research in order to enhance inclusive education for children with disabilities.
- PSO5.Develop skills in making and testing hypotheses, in developing new theories, and in planning and conducting experiments; developing practical research skills and learn new state of the art techniques used in Special Education research
- PSO6.Develop leadership abilities that help them to learn to collaborate and communicate while working in team projects.
- PSO7. Use their research aptitude in planning, developing and adapting the curriculum, teaching strategies and materials based on the individualized needs of individuals with visual impairment/ hearing impairment/ mental retardation.
- PSO8. Acquire mastery over skills to assess and apply the current technological devices and services for individuals with visual impairment/ hearing impairment/ mental retardation and customize based on their unique needs.

#### Course Outcomes Programme: Ph.D in Special Education

| Title of the Course                 | No. | Course Outcomes  |
|-------------------------------------|-----|--|
|                                     | CO1 | Enhance basic knowledge in Educational Research                                  |
|                                     | CO2 | Equip with the knowledge required for review, sampling and instrumentation       |
| Methods of Research<br>In Education | CO3 | Encourage the scholars in preparing research proposals and research reports      |
| 1TP1                                | CO4 | Enable the scholars to apply the SPSS package in data analysis                   |
|                                     | CO5 | Understand the need for inter-disciplinary approach to educational research      |
|                                     | CO1 | Examine the current scenario of education.                                       |
|                                     | CO2 | Understand the learning theories and its implication in current learning trends. |
| Practices and Issues in             | CO3 | Deal with the recent evaluation methods in inclusion.                            |
| Special Education 1TP2              | CO4 | Examine the changing roles of teacher in current scenario                        |
|                                     | CO5 | Focus on value development and related aspects of character building             |
|                                     | CO6 | Deal with issues and perspectives of future education.                           |
| Background Paper<br>1TP3            | CO1 | Examine the emerging issues and problems in the field of special education       |
|                                     | CO2 | Understand the available review of literature in the emerging issues.            |
|                                     | CO3 | Able to find out the solutions   |
